

Schools Open Sept. 10

The Annual pre-school orientation week for Upland elementary and high school staff members is currently in progress, with a number of speakers, meetings and luncheons scheduled throughout the week.

With an expected full enrollment of 2,600 students, Upland High administration officials welcomed 25 new teachers to the staff at a breakfast Wednesday morning at the Upland Inn.

Tomorrow, Thursday, Sept. 5, all faculty, regular staff and new staff will convene in the auditorium at 9:15 a.m. Meetings for the morning and afternoon will cover the material on the new seven-

period schedule, opening day procedures, operational routines and policies.

Thursday evening at 6 p.m., the total staff of the five high schools, Chaffey Union High School District, will attend the annual District All-Employee Banquet at Montclair High.

Friday evening, the new students will be the guests of the Girl's League at a Big and Little Sister Potluck dinner in Memorial Park.

Tuesday, Sept. 10, marks the official opening of Upland High School's academic year, with all classes convening at 7:45 a.m.

New teachers employed include:

Mrs. Denise Aguerro, George Beresford, Mrs. Patricia Berkowitz, Donald Bilyeu, Jerry Cobb, Jeffrey Cole, Mrs. Nancy Sue Davenport, George Farr, Don Frankson and Jeffrey Gloss.

Also, Mrs. Susan Goggin, Mrs. Jean Harris, Miss Sharon Kridler, Mrs. Nancy Krim, Kenneth Lovegren, Miss Caryll Luke, Miss Ruth Mandrick, Mrs. Mary Ellen Montgomery, Mrs. Dorothy Rhodes and Eugene Smith.

In addition, Richard Sulea, Philip Weil, Jon Wenrick, Miss Fay Zuccato and Patrick Partington.

Education with Purpose is the theme for the Upland Elementary School District, which began the pre-school inservice program with an all teacher building staff meeting Tuesday morning, Sept. 3.

Wednesday morning, the elementary teachers heard Bishop Gerald Kennedy, a member of the California State School Board discuss "Education With A Purpose." At noon they attended a luncheon at Pioneer Junior High, where they heard Superintendent Vern Orum. New staff members were introduced.

Friday, Sept. 6, there will be a district meeting for all staff members and room preparation will be the major item for the day. District schools will open officially, Sept. 10.

Proposed Business Tax Draws Protests

Approximately 200 invitations were sent out and not more than 33 people responded to the Downtown Retail Merchants' request that businesses involved in the Central Business District meet last Thursday night at the Inn for a discussion of a proposed tax increase.

The meeting was called for general clarification and discussion of the issue, in anticipation of the public hearing before the city council, held last night in the council chambers.

Those present at last Thursday's meeting were widely split and feelings ran either, "definitely for" or "definitely against" any increase in the business license tax.

John Meyer, president of the Upland Merchants Association, conducted the meeting, which allowed for explanations of the proposed tax increase and conditions calling for this increase. He also showed how the tax would affect all merchants in the downtown area.

An explanation from City Manager, Elwin Alder, explains the Merchant's proposed tax as such: under Class D-2 Zone A, if a businessman pays \$100 as a business

license, then in addition to that he pays \$300 as his portion of the special tax, his total payment amounts to \$400. Using the same D-2, Zone A, the proposed rates provide for eight times the present business license. Therefore, under the proposal, the same merchant would pay \$100 for his license and eight times that amount under the special tax making a total of \$900, \$500 of the money would be designated for downtown promotions.

Those merchants, who own small businesses in the downtown area, felt that the proposed tax would be too much of an increase, although they were generally in favor of some form of promotion.

The larger merchants were in favor of the increase on the grounds that business will not come into the area, unless there are planned promotions to attract them.

Definite council action was not expected at the public hearing last night, as Mayor George Gibson is away on vacation. It is doubtful that the Merchant's Association would get action from the council without a full quorum.

Kiwanis Rummage Sale, Sept. 6-7

"Bargains Galore" is the theme for the annual Foot-hill Kiwanis Rummage Sale, set for this weekend at 250 N. Second Avenue (the old Cornet Building).

Kiwanians will be on hand to help Upland shoppers select their bargains Friday, Sept. 6 from 1 to 8 p.m. and Saturday, Sept. 7 from 10 a.m. to 6 p.m.

All proceeds from the sale are given to assist needy children and senior citizens in the community. Anyone wishing to donate articles to the sale may do so by calling 982-2326.

THE FIVE D'S GOING FOR ALL A'S -- Denise, Deanna, Danette, Debbie and Dean Cooley, children of Mr. and Mrs. Raymond (Buz) Cooley of Francis Avenue, Upland, are seen in a trial run as they prepare for the first day of school Sept. 10. Debbie will enter her sophomore year at Upland High; Deanna will enter the eighth grade at Pioneer Junior High and Dean, Denise and Danette, will enter the sixth, fourth and third grades at Sierra Vista.

CITY MANAGER, ALDER, SPEAKS OUT

Watson Initiative Warning

Concern over the effect that the Watson Initiative would have if passed in the November election, prompted the Upland News this week to ask City Manager, Elwin Alder to explain and point out the direct effects such legislation would have on the city of Upland. The following is a direct news release from Alder's office.

The voters of California will be asked to vote on Proposition 9 when they go to the polls in November. This proposition is also known as the Watson Initiative. It is an initiative named after its proponent Mr. Watson. In simple language, this proposition puts a limit on the tax that can be levied on a piece of property by all taxing agen-

cies. The limit of all taxes levied against property cannot exceed 1% of the market value of the property.

Now for a look at the effects of such a measure!

Property taxing agencies in California today are all at the local level. They are Schools, Cities, Counties, Flood Control Districts, Fire Districts, San-

Upland Extends Welcome To Students From Abroad

Students from around the world have been welcomed in Upland to spend a year of study at Upland High School, under the AFS program.

Seen this week were Frank Gottschalk, 16, of Germany and Homayun Hashemy, 17 from Afghanistan. Also visiting Upland, but not as an official AFS student is Miss Maria Picard, 17, of Germany.

Frank Gottschalk, 16, son of Mr. and Mrs. Ulrich Gottschalk of Braunschweig, Germany, arrived in Upland recently to spend an AFS year with Mr. and Mrs. Don Carlson of 1349 Waverly

Court, Upland.

Frank, an avid soccer player for the past six years, was a member of the 1967 Braunschweig championship team. He has travelled throughout Europe and has with him slides he took on a recent trip to France. Besides sports, his interests include, 35 mm slides and traveling.

He has a brother Klaus, 20; a brother, Jorg, 9 and a sister, Christiana, 12, and a pet French poodle, Bonnie.

While in America and a student at Upland High School, Frank will have the company of the

Carlson's son, Darryl. Sydney Carlson, his foster big sister plans to be married soon.

Presently the AFS student and his foster family are on a vacation in the Sierras.

Homayun Hashemy is an AFS student from Afghanistan who is living this year with his American foster parents, the Rev. and Mrs. John D. Harrison, 1554 No. Shelley Ave., Upland. Homayun is from the capital city of Afghanistan, Kabul (pronounced "cobble"). He is one of 8 children, four boys and four girls. His father is President of the Ministry of Health of Af-

ghanistan, and Homayun too hopes to become a doctor of medicine. Like most of his countrymen, he is of Islam faith.

Last Sunday he celebrated his 17th birthday with his new family, and when school begins on September 10th, he will be a senior at Upland High School.

The country of Afghanistan is land-locked, and very mountainous. It is bounded on the north by Russia, on the north east by China, on the east and south by West Pakistan and on the west by Iran. It is noted for its beautiful handwoven rugs, delicate needlework, and persian lamb or

karakul, fur.

Homayun enjoys music and sports. He particularly enjoys soccer, volleyball, ping pong and boxing. He is very friendly, and is enjoying his new experiences in America, including new foods. His native language is Persian. This year at Upland High School he will study English, Speech, American History, French Student Government and Physical Education.

Maria Picard, 17, daughter of Mr. and Mrs. Helmut Picard of Hausen, Germany, arrived in Upland, August 12 for a year's stay with Mr. and Mrs. Richard Hut-

ton of 1447 N. Euclid Ave., Upland.

Although Maria is not on the AFS program, she sailed on the S.S. Waterman, which carried 800 AFS students coming to the United States to study for a year.

The Hutton's daughter, Hilary, stayed with Maria's parents while studying in Germany last year, as Upland High's AFS exchange student.

Hilary left this week to begin her college studies at the University of Redlands. Maria will attend Upland High School, where she will be in the senior class.

FROM AFGHANISTAN -- Homayun Hashemy, center is shown proudly displaying an article in the National Geographic, which describes his homeland. Seen with Homayun are his AFS parents, the Rev. and Mrs. John D. Harrison of Shelley Ave., Upland.

FROM GERMANY -- Maria Picard, 17, not an AFS student, but foster sister to former AFS student, Hilary Hutton, will be attending Upland High next year. Maria's favorite show, "The Sound Of Music" is first on her list of "must sees" while in America.

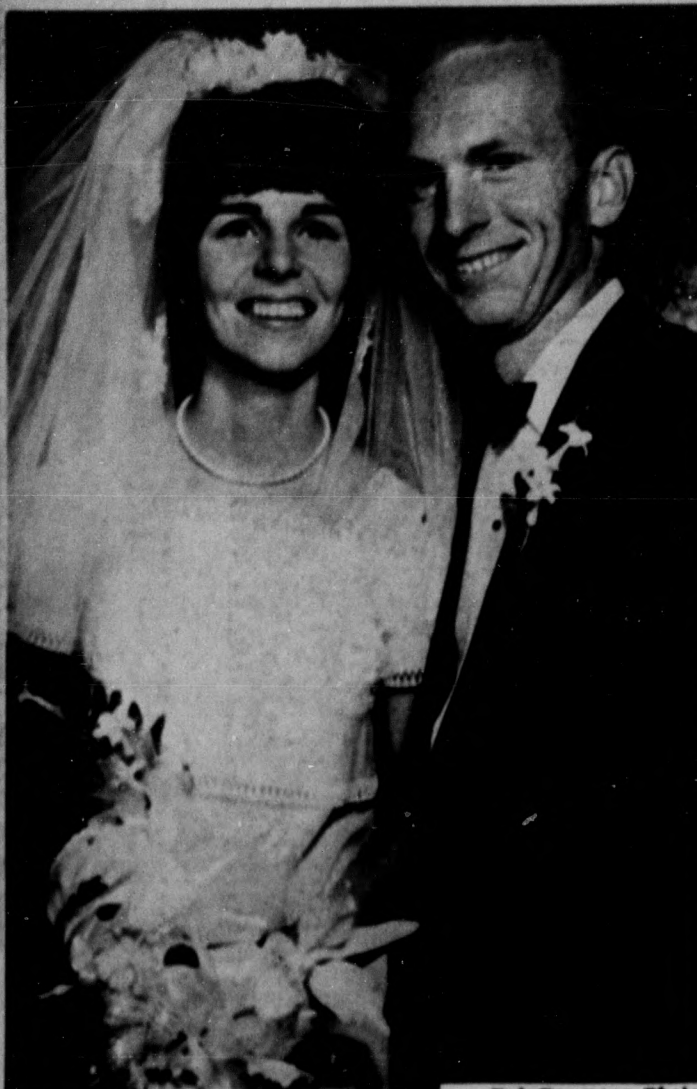

FROM GERMANY -- Frank Gottschalk, 16, far right, is seen with his AFS family, Mr. and Mrs. Don Carlson and son Darryl, of Waverly Court, Upland.

Miss Susan White Becomes Mrs. Dale M. Morrison

Miss Susan Lee White, daughter of Mr. and Mrs. Robert E. White of 1275 N. First Ave., Upland, became the bride of Mr. Dale Michael Morrison, son of Mr. and Mrs. Robert E. Morrison of Rancho Mirage, Calif., Aug. 24 at the First Christian

Church, Ontario. The Rev. Robert Moore of the Upland Christian Church officiated at the 3:30 p.m. ceremony before 250 guests. Mr. White gave his daughter in marriage. She wore an organza over taffeta gown, fashioned with

Mr. and Mrs. Dale Morrison

a Venice lace and seed pearl bodice. Her fingertip illusion veil fell from a lace headpiece and she carried orchids and stephanotis.

Miss Pat White, sister of the bride of Upland was maid of honor and bridesmaids were Miss Judy Morrison, the bridegroom's sister, of San Diego, Miss Debbie Wells of Arcadia and Mrs. Richard Hefner of San Luis Obispo.

All the attendants were attired in avocado green dresses styled with empire waistlines and they carried yellow daisies.

Mr. Hugh Curtis was best man and the bride's brother, Mr. Chuck White, Mr. Mike Short of Pomona and Mr. Don Ellenburg of Pomona, ushered.

Following a reception at the bride's home, the couple left on a wedding trip to Big Bear Mountains.

They are presently making their home in San Luis Obispo.

The bride is a graduate of Upland High School, class of 1964 and Cal Poly class of 1968. She plans to be a student teacher this semester and complete her fifth year at Cal Poly, San Luis Obispo for her teaching credential.

Mr. Morrison is a 1964 graduate of Palm Springs High School. He will attend Cal Poly, San Luis Obispo this fall as a graduate student working towards his master's degree.

Gilliland-Chalberg Vows Said In Garden Setting

Miss Constance Chalberg of N. Laurel Ave., Upland chose the garden of her home as the setting for her marriage to Mr. John Gilliland of San Antonio Crescent,

East, Upland. The Rev. Donald Jordan, pastor of the Methodist Church, Fresno, officiated at the August 18 nuptials, attended by 100 close friends and relatives.

Mr. and Mrs. John Gilliland

The bride is the daughter of Mrs. Carolyn T. Chalberg of N. Laurel Ave., Upland, and Mr. F. Walter Chalberg of Chicago, Ill.

For her early evening wedding the bride wore her grandmother's hand-made wedding gown, fashioned in 1911. The heirloom gown of ivory satin and chiffon was tunic styled with a jeweled lace bodice, and was originally worn by Mrs. E. F. Tompkins of N. Laurel Ave.

To compliment her dress the bride wore a wreath of white rosebuds in her hair and carried a French bouquet of white roses.

Mrs. John McCallum, sister of the bride of Upland, was maid of honor and Miss Gayle Geren of Palm Springs was bridesmaid.

Both attendants wore full length green chiffon gowns, fashioned with empire waistlines. They carried large yellow chrysanthemums.

Miss JoAnn Wood, the bridegroom's niece of Upland, was flower girl.

The bridegroom chose his brother Mr. Ted Gilliland of Claremont as best man. Ushers were Mr. Ted Guidera of San Jose and Mr. Jay Campbell of Cincinnati, Ohio.

Ronnie Wood, the bridegroom's nephew of Upland, was ring bearer.

Mrs. Margaret Kimball of Pasadena was organist for the event. A reception followed in the garden, and the couple then left for a wedding trip to Lake Arrowhead.

The former Miss Chalberg is a 1963 graduate of Upland High School and a 1967 graduate of the University of California, Berkeley. She attended the University of Bordeaux, France in her junior college year. She is a member of Gamma Phi Beta sorority, Oski Dolls and Motor Board. She also attended Stanford University graduate school.

Mr. Gilliland is a 1963 graduate of Upland High School, where he was ASB president, and Lt. Gov. of Key Club. He graduated from Stanford University in 1967, where he was a member of Sigma Alpha Epsilon and Mendicants. He is presently in the Army Reserves.

Some smart hostesses have two parties in a row. The second is less than half the trouble it would normally be, for you've already cleaned house, arranged flowers, polished silver, cleared the guest closet, even had your hair done!

McInnes-Zeman Nuptials Celebrated In Riverside

Terrence McInnes of Upland took Marguerite Mary Zeman of Riverside as his bride in an Aug. 17 ceremony at St. Francis de Sales Catholic Church Riverside.

The bride is the daughter of Dr. and Mrs. E. W. Zeman of Riverside, and the bridegroom is the son of Mr. and Mrs. Harry McInnes of 598 Tulare Way, Upland.

Escorted to the altar by her father, the bride wore a gown of embroidered silk organza over taffeta fashioned on an A-line.

A crown held her shoulderlength veil, and she carried white carnations with blue bells.

Mrs. Roy Burt of Federal Way, Wash., was matron of honor. Brides-

Mr. and Mrs. Charles D. Molnar

Molnar-Hudson Rites At Nazarene Church

Diane L. Hudson of Cucamonga and Charles David Molnar of Ontario were married Aug. 10 in a 7 p.m. ceremony at the Upland Nazarene Church.

Performing the service were the Rev. Bill Burch of the church and the Rev. Marvin Decker of the Arcata Nazarene Church, the bride's cousin.

The bride is the daughter of Mr. and Mrs. Llaire B. Hudson of 7537 Camino Norte, Cucamonga, and the bridegroom is the son of Mr. and Mrs. Charles Molnar of 756 N. Cypress Ave., Ontario. Given in marriage by her father, the bride wore a long gown of organza fashioned with an Empire waistline, A-line skirt, lace at the neckline and wrists of the long sleeves and a four-tiered train.

A headpiece of net and lace petals held her bouffant illusion veil and she carried orchids and stephanotis.

Elaine L. Hudson of Cucamonga, the bride's sister, was the honor attendant. Nancy Heavens of Claremont was the bridesmaid.

Laurie Grys of Redwood City and Kenny List of Ontario were candlelighters.

The bridegroom selected his brother, Kenneth

Lee Molnar of Ontario, as his best man. Ushers were Jim Williams of Upland and Bernie Hill of Montclair.

A reception with 175 guests attending was held in Thompson Hall at the church.

Following a honeymoon to San Francisco and Lake Tahoe, the newlyweds will make a home in Camarillo.

The bride is a 1962 graduate of Upland High School. She earned her B.S. degree from California State Polytechnic College, San Luis Obispo, in 1966, and her master's from Cal Poly in 1968. Last year she taught seventh grade at Ramona Junior High School, Bonita School District, La Verne, and in September will teach sixth grade at Camarillo.

Molnar is a 1958 graduate of Chaffey High School. He earned his B.S. degree from Harvey Mudd college, Claremont, in 1962, and his M.A. degree from the University of California, Riverside, in 1965. He taught science

at Chaffey High School for the past four years, and in the fall will teach physics and mathematics at Moorpark Junior College, Moorpark.

Portrait Of City's Councilwoman

UPLAND -- She has been "the FIRST" so many times that, I don't think much about it anymore.

Mrs. Zella H. Stone has been the first woman to serve on committees, councils, and associations and is one of the few women licensed funeral directors in California.

She is one of only six women in California to own and operate a business of this kind.

She and her son, Harvey Stone, operate the family's mortuary on Ninth Street in Upland.

The business began in the Old Colony School building that is now her home next to the Stone Mortuary.

Established in 1929, the business was a combined

mortuary and ambulance service.

"It added excitement and income when we were first starting up," Mrs. Stone said.

When in the 1950's a state law was passed requiring mortuaries to have separate ambulance and equipment for the ambulance service, their side business was dropped.

It became expensive and began to interfere with the mortuary, she explained.

In 1959, the business expanded into the new building erected next to her home.

As part of her professional responsibilities, she is an active member of the California Funeral Directors Association. This year marks the 39 year of membership for Stone Mortuary and her service term as a member of the association's legislative committee.

With her position on the committee -- she was the first woman to serve in this position -- she has traveled to Sacramento to "fight" laws restricting the funeral director's business.

Mrs. Visnak Named To DAR Committee

Mrs. Joseph Visnak of Upland has been named to the National Resolutions committee of the California Society Daughters of the American Revolution (DAR).

She is a member of the San Antonio Chapter DAR. The appointment was made by Mrs. LeRoy Conrad Kaup of the Mojave Chapter, Fullerton, state vice regent of the California Society, DAR.

Like adventure with spices and herbs? Add the tiniest pinch of ground cloves and one of dried rosemary to grape juice. Strain to remove the rosemary before serving.

Zella Stone

In addition to her demanding business, she has remained an active member of the Business and Professional Women's Club and officer since 1932.

Offices she has held in the club include: membership on the State Board; President of the California Federation; appointed National Convention Chairman; headed Los Angeles Convention in 1962; and National Chairman of Personal Development, in addition to several offices in the local club.

"I give BPW credit for giving me a broader education in the areas of personal development," she said.

"It encourages one to train for higher job level positions," she said. The

club provides the incentive."

She explained that personal development included the areas of civic participation and world affairs.

As part of this personal development, she has become very active in the civic affairs of Upland.

In 1965 she was appointed to fill an unexpired term on the Upland City Council. The following year she became the first woman to be elected to the City Council when she ran for re-election.

She got her first taste of civic affairs through her involvement in the Upland Chamber of Commerce where she has served as vice president and as a member of the board of directors.

Before becoming a

councilwoman, she was a member of the Planning Commission.

About her involvement in city government, she said, "Outside activities away from the business are my relaxation. When I come home from a long session with the City Council I feel refreshed. It is a change of thinking and activity."

As a councilwoman, she has served on the first Architectural Commission, the Downtown Revitalization Committee, Chairman of the Town Affiliation Committee, Chairman of the Finance Committee, member of the police and fire committee, and Chairman of the Street and Light Committee.

She has also been the first woman president of the Orange Belt Funeral Directors' Association.

Asked how she felt about women being active in city government she said, "It is very, very good to have a well balanced board or commission. It is good provided they are as interested and qualified as the men in government. Women are people."

Montessori Open House

CLAREMONT - The Montessori Academy of Claremont is holding an open house at 500 West Baseline in Claremont, Sept. 4-5 from 10 a.m. to 12 noon. It was announced this week.

Interested persons and the general public is invited to watch the demonstrations, see the equipment and witness the Montessori methods in instructing children from the ages of two-and-one-half years to 12 years. Further information may be obtained by calling Mrs. Marilyn Cutler at 714-621-1603.

It's a Woman's World

FALL MEMBERSHIP TEA -- Planning the first event of the Cucamonga-Alta Loma Women's Club's new year are Mrs. Henry Lucas, district corresponding secretary; Mrs. Ray Derfer, club parliamentarian; and Mrs. Steve L. DeAmbrogio, press chairman. The tea will be held September 11 at Sweeten Hall.

Women's Club Membership Tea

A membership tea will open the new year of the Cucamonga - Alta Loma Women's Club at 2 p.m. September 11. The event, which will take place at Sweeten Hall, is for all club members, their prospective new members and the Junior Women's Club.

The Misses Kathleen Adkins, Marianne Maust and Lois Wyant, students of Mrs. Willard Maust, will present a musical program. Mrs. Maust will also direct members and guests in musical activities.

Fall flowers will be

used in the table arrangements, according to Mrs. Robert M. Castle, decorations chairman.

Mrs. Henry Lucas and Mrs. Ray Derfer will pour.

The tea will be under the direction of membership chairman Mrs. Nevin McConnell, assisted by the executive board: Mrs. Lester Adkins, Mrs. Terrence McCaffrey, Mrs. William Yeager, Mrs. Chester Moore, Mrs. Edwin Murray, Mrs. Arthur Edelman, Mrs. Wiley Hartshaw and Mrs. Steve L. DeAmbrogio.

The Literature Sec-

tion's opening meeting will take place at the home of Miss Ruth Milliken, Friday September 20 at 10 a.m.

Miss Milliken will review a book on the American Indian.

The Card Section's summer activity took place at Mrs. Harold Hively's open house on Red Hill recently. Bridge and Canasta were played. Hostesses were Mrs. George Pagliuso, Mrs. George Scott and Mrs. Hively.

The prize winners were Mrs. S. Filipi, Miss Clara Young and Miss Ruth Milliken.

All members of the executive board of directors, chairmen of the many sections and activities of the Upland Woman's Club will meet Sept. 10 at the Upland Woman's Clubhouse for coffee hour and social.

The women will meet to discuss plans, and become better acquainted with ideas for the coming year.

Mrs. L. B. Van Ornam, President, will have many women assisting her in carrying out the activities of the Upland Woman's Club for the year 1968-69. The Executive Board of Directors is made up of President, Mrs. L. B. Van Ornam; 1st Vice-president, Mrs. Leslie Stokes; 2nd Vice-president, Mrs. Briscoe Root; Recording Secretary, Mrs. Edwin P. Dean; Corresponding Secretary, Mrs. Edgar Lindenberg;

Treasurer, Mrs. Boris Cherbak; Financial Secretary, Mrs. Ralph Bentley; Auditor, Mrs. Wesley Cummings; Parliamentarian, Mrs. Floyd Chambers; Ways and Means Chairman, Mrs. Jess Cliffolelli; House Chairman, Mrs. John Gately; Rentals, Mrs. Donald George; Luncheon and Tea Co-ordinator, Mrs. C. G. Hennessy; Publicity Chairman, Mrs. Leigh Hunt; Junior Co-ordinator, Mrs. Jack Bevins.

The Dean of Chairmen is Mrs. Clyde Mackall. She will assist the various committees in the reports which are made to the San Bernardino District giving accounts of the activities of the Club.

These activities are headed up by the following Committees and their chairmen: Community Service Fund Committee, Mrs. Clyde Mackall; Ralph Almquist, Neal Van Dorin; Luncheon Reservations, Mrs. Leo Cherbak, Ralph Almquist; Amenities, Mrs. Calvin Shores, Frank Dixon; Braille Writer Stamp Books, Mrs. Herbert Holt; Budget, Mrs. Ralph Bentley, Boris Cherbak, Wesley Cummings, Jess Cliffolelli; By-laws, Mrs. Floyd Chambers, W. W. Woodward, Neal Van Dorin; Citizenship, Mrs. L. H. Banta; Club Chatter, Mrs. Leonard Collins, Charles Adams, Floyd Kellner; Arts and Crafts, Mrs. Ethel Seaman, Thomas Photos; Annual Card Party, Mrs. Robert Barry.

Club Representatives: Red Cross, Miss Julia Rugg; Rose Garden, Mrs.

Seen enjoying the roses are Mrs. L. B. VanOrnam, president of the Upland Club; Mrs. G. W. Simkins, chairman of the Upland garden section; Mrs. Michael O'Flaherty and Mrs. George Pagliuso, of the nostess club.

and Scholarships, Mrs. John Skewis; Radio, T.V. and Motion Pictures, Mrs. Gordon Anderson; Reception, Mrs. F. H. Jacobs; Rentals, Mmes. Donald George, Henry

Dysband, Herbert Holt; Spiritual Emphasis, Mrs. C. E. Reimers; Status of Women, Mrs. Harry Wright; Ways and Means, Mmes. Jess Cliffolelli, Clyde Mackall, Miss Flo-

rence Armstrong; Year Book, Mrs. Leonard Collins; Youth and Children, Mrs. B. J. Helmick; Christmas Party, Mrs. Leslie Harrison, Mrs. Harry Wiser.

Upland BPW Club Dinner-Fashion Show

September is Aloha month for the members of the Upland Business and Professional Women's Club. Using the Aloha theme the club will hold its regular dinner meeting Sept. 12 at the Upland Women's Clubhouse on North Second Ave.

Dinner will be smorgasbord style. Following dinner there will be a style show sponsored by two Upland fashion shops. Speaker for the evening will be Mrs. Betty Eagan, President of the Sierra Mar District of Business and Professional Women. Her topic will be, the background and goals of the Business and Professional Women's Clubs.

All Upland Business and Professional Women Club members, guests, and prospective members are invited to attend this event. Anyone desiring information on the events and activities of the Upland Business and Professional Women's Club should contact club president, Mrs. Jay Thrasher, 982-6671. Reservations, Mrs. Merle Rash, 982-2905.

The Upland BPW club will host the breakfast

meeting of the Central Section of Business and Professional Women on Sunday, Sept. 15, at the Upland Inn. This will begin at 9 a.m. Juanita Russell, Chairman of the Central Section of Business and Professional Women, will preside. Several other district officers will be present.

The meeting is open to all BPW members and guests.

Singletons Will Present Hollywood Ambassadors

The Singletons of Ontario-Upland Area will hold their next general meeting, at 7:30 p.m. Thursday, September 5 at the Outreach Center of the First United Methodist Church, 262 North Euclid Avenue, Upland.

The program will feature Clay French and a musical group from the Ambassadors singles group of Hollywood Presbyterian Church. The topic for discussion will be "How to be Vital Where You Are".

The Ambassadors are possibly the largest singles group in California with well over 700 members on their rolls.

Another big event follows on Saturday, Sept. 7 at 8:30 p.m. It's a Back-

to-School House Party. Come dressed as on your first day of grade school. Bring a sack lunch, an early school photo of yourself, and play recess games (like jacks, jump rope, tops, and marbles).

The party will be announced at the general meeting or call club president Dean McKee at 986-5087.

PAUL'S SHOES AND REPAIR

Feet aren't the first thing people notice. So a lot of people ignore their feet. They just cover them up with anything. But your feet can be pretty hard to ignore if you're wearing inexpensive shoes with a fine suit. NUNN-BUSH shoes are styled with a fine wardrobe in mind. And they feel as good as they look. If you can afford to dress yourself from head to ankle, you can afford to dress yourself head to toe.

GRADUATES -- of the PV Toastmasters Club sponsored Youth Leadership Course are pictured above -- from the left seated, Linda Fisher, Linda Turney, Rebecca Tubbs and Donna Fisher.

Standing from the left, Mrs. L. Spear, Mayor of Claremont, Bernard Santariero, Larry Fisher, Michael Morneau, Gary Briggs and David Hudson.

Area Youths Graduate Leadership Classes

Ten young people from the Pomona Valley area were presented their certificates of completion last Monday at the graduation banquet of the special Youth Leadership course sponsored by the Pomona Valley Toastmasters Club 12.

The presentation was made by Mrs. L. Spear, Mayor of Claremont, who emphasized the need for youth leadership and training in the various surrounding communities.

Those completing the course in oral communications and leadership training were Gary Briggs

of Ontario, Donna Fisher, Larry Fisher, Linda Fisher and David Hudson of Upland, Lynn Granger of Pomona, Michael Morneau of Montclair, Bernard Santariero and Rebecca Tubbs of Claremont and Linda Turney of West Covina.

The Youth Leadership program was developed especially for young people by Toastmasters International, the world-wide public speaking organization. It was adapted, in collaboration with educators and youth counselors, from the organization's adult program which has benefited more than a million men since it was introduced in 1924.

said, "This program has been a very rewarding experience for all members of Pomona Valley Club 12, especially the two coordinators, Commander John High and Bill Ward. The enthusiasm and eagerness to learn of these young people has been a real challenge to all of us. We are already planning another course in the near future."

Through the efforts of Mr. Frank Channess of Toastmasters International, the graduation program was tape recorded and will be heard over radio station KWOW at 8:30 p.m. on Sunday, September 8, 1968.

SCHOOL PSYCHOLOGIST -- Stanley J. Pace has been employed by the Upland School District to work with elementary school children during the next school year. Pace graduated from Chaffey College in 1954. He received his B.A. from Long Beach in 1957 and his master's degree in 1962. He lives with his wife and three children in Cucamonga.

Kiddie College For Tots

The A-1 Kiddie College, recently opened in Upland at 522 East Arrow Highway, is providing full and part-time care for tots, with a well-rounded program.

Five areas are covered daily, involving language arts, creative arts, music, science and social studies.

"We also put an emphasis on manners, co-

operation, sharing, and friendship," says director Charlotte Proffitt.

Pre-school children are accommodated from 6 a.m. until 6 p.m. for working mothers, with trained nursery school teachers in attendance at all times.

There is also a day-camp schedule which takes advantage of recreation programs in the

area. Children from 6 to 12 may be enrolled after regular school hours.

In addition to daily nutritional snacks, the nursery provides hot lunches, and breakfast is also available for early morning students.

Visitors are invited to view the program during morning hours, from 9 to 11 a.m.

A BANG-UP BIRTHDAY -- Blindfold in place, Don Clemens prepares to have a go at his birthday pinata. The scene was last week at the Upland A-1 Kiddie College where Don is a student. Awaiting their turns at the candy-filled party favor are Kim Smith, Mark Horvath and Angel Bruetsch. Assisting Don is director Charlotte Proffitt.

Welcome Jack And Jill Party At Sierra Vista

New kindergartners and their mothers will be greeted at Sierra Vista Elementary School with a "Welcome Jack and Jill Party" set for 9 a.m., Friday, Sept. 6 at the school.

The expected 43 new students will be introduced to their new surroundings by their teacher, Mrs. Fren Reiser, assisted by Mrs. Dana Hawkes and kindergarten-

er, Julie Hawkes. Sponsored by the PTA, the social event was planned to allow new students and parents to meet with Mrs. Reiser and PTA members.

Mrs. Robert Ronsom, president of the PTA will advise parents of coming school activities. Refreshments will be served by Mrs. B. W. Bradford and Mrs. Louis Jenik of the PTA.

SEEING DOUBLE ? ? ? -- Upland's twins, from the left Bart and Bret Mosher and Mitchell and Michael Cox are entered in the annual Twin Contest at the Los Angeles County Fair. The local competitors Bret and Bart are sons of Mr. and Mrs. C. Russell Eck of 1007 Harrison Court and Mitchell and Michael are sons of Mr. and Mrs. Wildon Cox of 1026 Harrison Court.

Claremont University Club Honors Publishes Annual Directory At Cal Poly

The annual Directory of Members of the University Club of Claremont for the year 1968-69 has now reached all members according to H. Spenser Minnich of La Verne, the club secretary.

This 56 page pocket size booklet which the members prize so highly was delayed this year due to the uncertain date the club would move from the now dismantled Claremont Inn, where their club rooms had been maintained since 1953, to their present meeting place at Griswold's on West Foothill Blvd. in Claremont following the last Tuesday noon meeting and luncheon at Claremont Inn on June 25.

This year's directory carries the full list of its 335 members in alphabetical order with their address and telephone number, the club's nine officers, nine directors, 16 committees and each chairman, Chronology of the club, founding date and its aims and purpose, dues and membership, and a complete list of all past presidents from the late George S. Sumner in 1924 to Williston Wirt,

this year's president. This list is composed of 45 names even though the club was founded 44 years ago this fall. In the year 1940 the club history lists two names as president; James G. Whyte, acting, and Theodore Parkins. Of the 45 presidents listed 14 are deceased; six were charter members.

If a city is not named after the address of a member in the Directory, it is a Claremont address, with a membership of 220. Outside of Claremont, but within the Pomona Valley, the membership totals 101, the city of Pomona leading with 43 members, 22 from Upland, 13 from La Verne, 10 from Ontario, 4 from Cucamonga, 3 each from San Dimas and Glendora, 2 from Alta Loma and one from Mt. Baldy.

There are four members listed from out of the state; one each from Wisconsin, Maine, Illinois and Florida, while from within the state but outside the Pomona Valley there are ten members listed from as far distant as San Diego and Atascadero.

The purpose of the Dean's List is to give quarterly recognition to students achieving academic excellence. To be eligible, a student must be enrolled as a regular student carrying 12 units or more and must achieve a 3.0 (B) or better grade point average.

Uplanders on the list include: Yolanda Perez Ayala (Language Arts), Linda Louise Bonar (Social Science), Ian C. Brodie (Social Science), Brian W. Cathcart (Physical Education), Donald A. Cavallo (Biological Science), Tim Dennis Conway (Electronic Engineering), Michael K. Cox (Biological Science), Wayne A. Hesselbacher (Social Science), Lorna Joan Holt (Language Arts).

Also, Susan Hutchison, (Business Management), Lester Inouye (Landscape Architecture), Angus Marie Johns (Social Science), Janet Christine Johnson (Animal Science), Judith Ann Jordahl (Language Arts), Kenneth Knust (Landscape Architecture), Laurel Lamb, (Graduate), Betty Marie Long (Social Science), and Loren Earl Lukens, (Graduate).

Also Lynne D. Merryfield (Social Science), Daniel Milakovich (Graduate), Linda Marie Linao (Physical Education), Russell James Moore (Marketing), Steven Lawrence Pope (Agriculture), Richard C. Powell (Graduate), Donna Sue Repp (Social Science), Robert G. Richardson (Landscape Architecture), Loretta June Rogers (Language Arts), Patricia Ann Scruggs (Social Science), Bobbie A. Seyfarth (Language Arts), Jane Earl Skewis (Physical Education), Theodore A. Stein, (Social Science), and Joseph A. Thomas (Data Processing).

Also Lois E. Vandenhuevel (Social Science), Winston D. Villalino (Accountancy), James Wendle (Finance, Insurance and Real Estate), Geraldine Wolfe (Business Management), Karen Elaine Yatsko (Accountancy), and Nancy Lee Young (Language Arts).

Aldus Manutius (1450-1515), a printer in Venice, was the first to use italic type.

Servicemen

John R. Baker

Army Private John R. Baker, 20, son of Mr. and Mrs. John E. Baker, 1449 W. Eighth St., Upland, completed eight weeks of advanced infantry training Aug. 9 at Ft. Lewis, Wash.

He received specialized instruction in small unit tactics and in firing such weapons as the M-14 rifle, the M-60 machine gun and the 3.5-inch rocket launcher.

Pvt. Baker entered the

Army in March 1968 and completed basic training at Ft. Ord, Calif.

He attended Upland High School.

Gregory R. Mues

Army Specialist Five Gregory R. Mues, 21, son of Mr. and Mrs. Robert A. Mues, 9053 La Grande St., Alta Loma, was assigned August 12 to the 6th Psychological Operations Battalion near Bien Hoa, Vietnam, as an interpreter.

Neurotics Anonymous-- Solve Emotional Problems

UPLAND--A new group which uses the Alcoholics Anonymous method in solving emotional problems has been formed here.

It's called Neurotics Anonymous and meets Tuesday mornings at 10 at the First Methodist Church of Upland.

The group which changes the AA program to fit the emotionally ill, is a member of Neurotics Anonymous National Liaison, Inc. (NAIL), which has headquarters in Washington, D.C., and a regional office in San Gabriel.

NA appeared in the

Southland about two years ago and has now grown to 30 chapters statewide. There are two other chapters in the West End, at Rialto and Montclair. The Montclair NA was organized just a month ago and meets Thursdays at 8 p.m. at the Unitarian Church.

NA defines a neurotic as "any person whose emotions in any way interfere with his functioning and to any degree whatsoever as recognized by him."

NA, which was started by a member of AA who had emotional problems

most of his life and who recovered through the AA program, is a non-profit organization which has no dues or fees and no paid employees at any level. Voluntary collections are taken at meetings.

NAIL, according to the NA, has been recognized by the American Medical Association, as a group which "does good in the mental health field."

For membership in the Upland group or information, call "Sharon" at 626-3955; in Montclair, "Harry" at 623-5754.

Dance Set By Star Steppers

The Star Steppers invite you to their Back-to-School Dance on Sept. 14, at the Alta Loma Firehall, at the calling of Hillis Hauck.

The new class will start on Sept. 18 at the Alta Loma Firehall, at the corner of Amethyst and Loma in Alta Loma. The hours of the class are from 8-10 p.m. Any person 18 years and older wishing to learn how to square dance is welcome.

BILLINGS MARKET

Obituary

A Requiem Mass at St. Joseph's Catholic Church was said Friday August 20 for Mrs. Esperanza Munoz, age 54, who died August 25 at San Antonio Community Hospital.

Mrs. Munoz, a homemaker, was a native of Mexico, and a West End Resident for 39 years. She is survived by three sons, Rudy Alonzo of Upland, Richard Alonzo of Cucamonga, and Albert Powers of Pomona; three daughters, Mrs. Phillip Hernandez of Montclair, Mrs. Ruben Casas of San Bernardino; and Mrs. Joseph Uribe of Glendora. Also, three brothers, Fernando, Jesus and Joe Munoz, all of Upland; and ten grandchildren.

The Rosary was recited Thursday evening at Stone Funeral Home, interment was at Bellevue Cemetery.

Watson Initiative Warning

Continued from page 1

tation Districts, Water Districts and the like. Each of these local governmental entities will be gravely and fearfully affected if the proposition passes.

2 1/2 billion dollars of tax revenue will be lost annually by the local taxing agencies. If this occurs there will be two possible courses of action. First, eliminate or drastically curtail local governmental agencies or, secondly, shift the tax load elsewhere.

The first possible course of action would immediately produce staggering chaos at every level of local government. Local government is the grass roots government that provides day to day services to the people. Many of these services would be immediately eliminated and others would be drastically curtailed. Many city halls would close their doors and lay off all employees. In the case of Upland City Government, services to citizens would be curtailed by three quarters of a million dollars annually. This could be accomplished by:

- .. closing the library
- .. reducing fire protection 1/2
- .. reducing police protection 1/4
- .. reducing parks and recreation 3/4
- .. reducing engineering and planning service 1/2
- .. ending all community promotion
- .. reducing expenditures on City trees, street lights and street sweeping 2/3
- .. reducing other expenditures by 1/2

The second course of action of shifting the 2 1/2 billion dollars tax burden from property to other revenue sources would be staggering and confusing. Two possible sources of additional revenue to make up the shortage now under consideration are:

Increase sales tax from 5¢ to 12¢ on dollar and increase the income tax 300%.

The initiative proposal is undesirable because it deals with the effect rather than with the cause of the problem. Proponents of the measure ignore the \$2 1/2 billion tax shift that would result and they fail to recognize the additional service burden created by the more than 1,200 new people each day entering California.

It will encourage cities to rely more heavily on nuisance-type consumer taxes which will hurt the home owner and business man.

It misleads the public into believing there will be a tax decrease when, in fact, a massive tax shift requiring significant State tax increases, will result.

It will be costly to the public. It will encourage harmful competition between local governmental agencies.

It insults the taxpayer by effectively removing his control over local budgets and service programs.

It will gravely confuse the public.

It will jeopardize capital improvement projects already under way. It will shift control over property tax revenues available to local government from the legislative body to the assessor and his staff.

Proposition 9 (Watson

Initiative) takes away from local government of every kind \$2 1/2 billions of revenue annually and does not provide for any replacement of this loss. It is the most irresponsible measure to confront California voters in two decades. Its net effect would be to cripple all local government, shift a larger part of the tax burden to the middle and lower income groups, hurt the homeowner, hurt the renter, hurt the businessman, and create other fiscal chaos for and throughout the State.

Leaders Attend Seminar

More than 75 women's club leaders from three states will attend a seminar on community development, Wednesday and Thursday, September 4 and 5 at the Los Angeles International Hotel.

The two day seminar is co-sponsored by the General Federation of Women's Clubs Community Improvement Program and the Sears-Roebuck Foundation, in cooperation with the National University Extension Association of which UCLA Extension is a member. Club leaders from Arizona, Nevada and Southern California will participate.

FOOTHILL AT SAN ANTONIO

Live Boarding Lounge Group To Entertain On PSA Lines

ONTARIO -- Live boarding lounge entertainment was inaugurated at Ontario International Airport at 4 p.m., Friday, August 30, when "The PSA Gallery" presented a premiere.

The singing group, first anywhere in the nation to entertain in boarding

lounges of an airline, will appear somewhere along PSA's route every Friday and Sunday evening during peak traffic periods.

Dressed in unique red-and-white outfits in keeping with the PSA colors, "The PSA Gallery" sang for patrons of the airline

from 4 to 9 p.m., Friday, at the OIA main PSA boarding lounge area.

Four young singers who met while attending the University of California at Los Angeles, "The Gallery" has been retained by PSA to entertain the airline's passengers during peak travel periods of Friday and Sunday evenings at various airports.

Three members of "The PSA Gallery" are still attending UCLA. They are Judy Reich, 20, a senior majoring in music and theatre arts; Joe Bernard, 21-year-old junior majoring in political science; and Harry Gunther, 21, a senior psychology major.

The fourth singer is 22-year-old Jim Evans, who was graduated from UCLA in 1967 and is now a graduate student in education at San Fernando Valley State College.

Gunther, acknowledged

leader of the group, also does the arranging and some composing for "The PSA Gallery." He and Evans originally began singing together three years ago in the Spring Sing competition at UCLA.

After auditioning and singing with about eight other people at various times, the two added Miss Reich in 1967 and Bernard early this year.

According to Evans, "Judy and Joe were selected in order to achieve the four best singing personalities for our particular kind of group."

The singers feature folk music, and have been described as "similar to a combination of Peter, Paul and Mary and We Five."

They have sung at the Hollywood Bowl for the UCLA Spring Sing and at Ledge's, a coffee house, in Westwood. On Saturday, Aug. 17, they appeared on nationwide television on "Your All-American College Show."

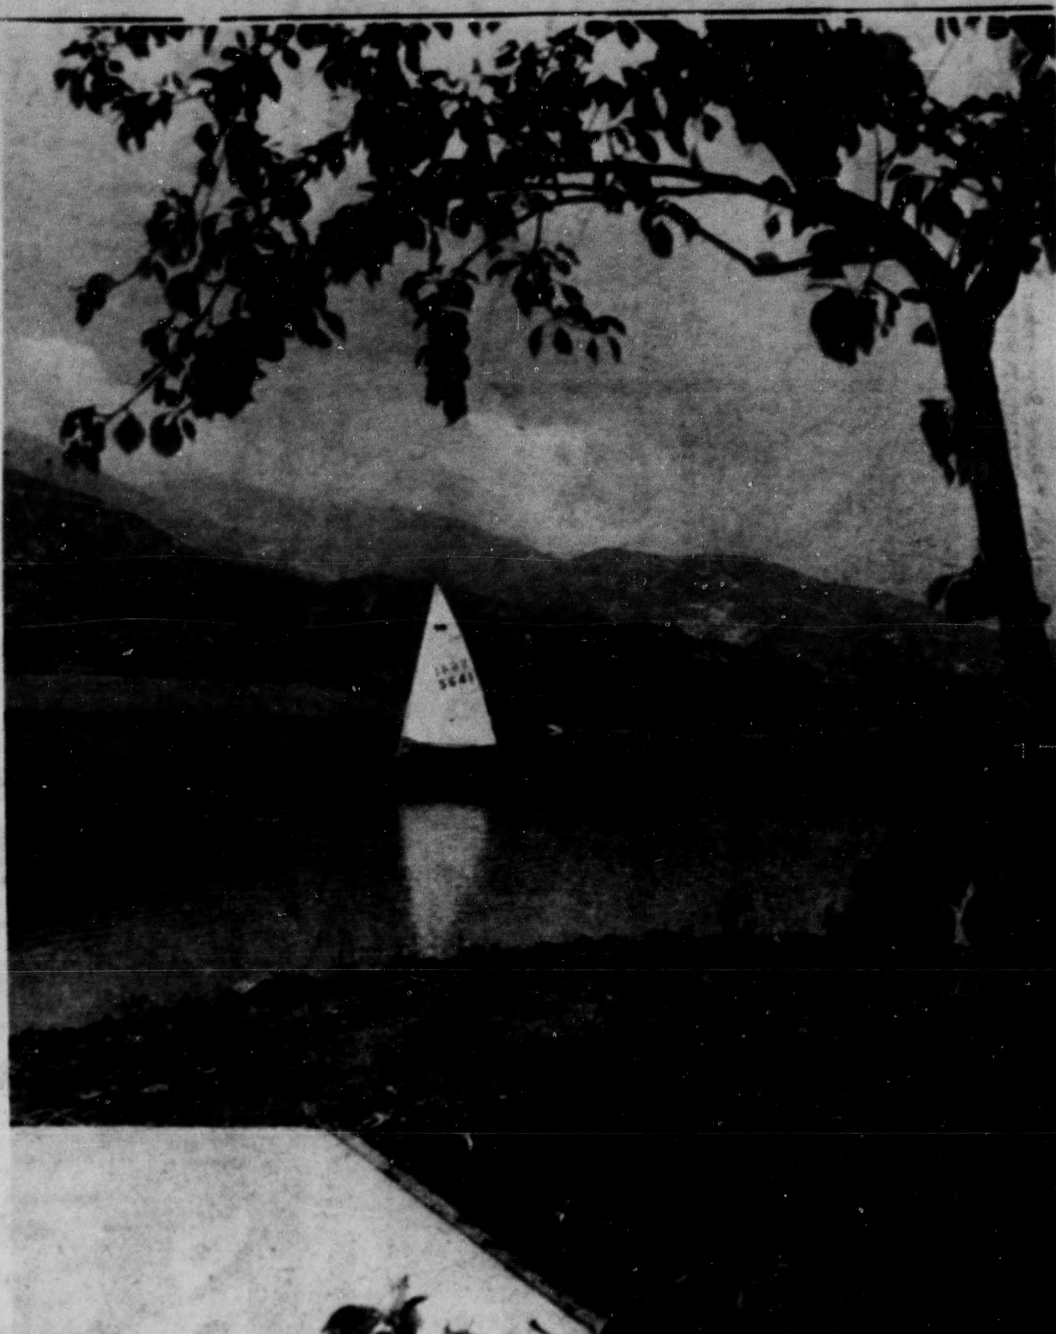

Meat Hearing

An Assembly Public Health Committee will conduct a hearing into alleged diversion of adulterated meat into human and pet consumption channels on Sept. 23.

Assemblyman John V. Briggs, R-35th District, author of the Assembly Resolution calling for the hearing, announced the hearing will be held in the Council Chambers at Ontario City Hall beginning at 10 A.M., Sept. 23. Members of the department of Agriculture, Department of Public Health as well as representatives of the various meat packers and related industries have been requested to testify at the hearing.

"I want to make it clear," said Briggs, "this will not be a court of law and we will not be attempting to convict anyone. The purpose of the hearing is to determine the scope of the problem and to give some of my legislative colleagues an opportunity to understand some of the problems existing in the meat industry."

"There can be no excuse," Briggs continued, "for a California housewife to face the possibility of purchasing adulterated meat, either for her family or for her pets. Hopefully, this hearing will provide the information to guide the Legislature in enacting effective laws in this area."

ANOTHER PLACE FOR outdoorsmen will open up this weekend when the Glen Helen Regional Park is dedicated. Presently offering the facilities for picnicking, fishing, boating, nature trail, and group camping.

LONGS DRUGS "WHERE EVERYBODY SAVES"

FAIR TRADE . . . Rudy Vallee swapped his beer stein for a champagne glass at the Wine and Grape Festival in Cucamonga last week, toasting the annual harvest in bubbly water.

THE GRAPE STOMPER TWIST . . . Contestants in the annual grape stomping contest showed a variety of styles in their efforts to fill a gallon jug with juice in the shortest time. Cheered on by huge crowds, cheering officials and a strolling band of players, they squished through barrels of purple grapes to compete for money prizes.

CORK POPPING WHIZ . . . Mrs. Rudy Vallee presented the awards for Saturday's cork popping derby, which was open to men over 21. The winner shown here, D. V. Ferrari, took home \$50.

Fire Destroys Garage, Four Vehicles, Friday

UPLAND--A fire destroyed a garage and four vehicles at 2461 San Antonio Crest recently. Arthur J. Reed is the owner. Officials estimated the loss at \$6,000. The cause of the blaze is being investigated.

Three cars were parked inside the detached structure and a panel truck was behind it, firemen said. The blaze was battled by state forestry firemen from the San Antonio and Etiwanda stations. Crews reported the garage was completely in flames when they arrived.

President's List

California State Polytechnic College, Pomona, has honored 13 Upland students, by placing their names on the President's List for the 1967-68 academic year making this the largest President's List in the history of the college.

Local students honored are: Donald Cavallo (biological sciences); Susan Hutchison (Data Processing); Janet Johnson (Animal Science); Judith Jordahl (Language Arts); Laurel Lamb (Graduate); Betty Long (Social Science); Loren Lukens (Graduate); Lynne Meryfield (Social Science); Daniel Milakovich (Graduate); Donna Repp (Social Science); Bobbie Seyfarth (Language Arts); Geraldine Wolfe (Business Management); Nancy Young (Language Arts).

MAKE MORE TIME FOR YOURSELF BY GETTING UP A LITTLE EARLIER THAN USUAL TO ORGANIZE THE DAY'S CHOICES. IT'S A TRICK USED BY EXECUTIVES TO GET MORE DONE. TAKE A BREAK WITH PEPSI-COLA DURING THE DAY, AND YOU MAY FIND THAT YOUR WORK'LL GO A LOT FASTER--LEAVING YOU WITH MORE LEISURE TIME!

Registration For Evening Adult Classes In CUH

Adults have only a few more days to register for the fall semester at Chaffey High Adult Evening School as classes will begin on the evening of September 10.

There is still time to register at Gardiner Spring Auditorium on the Chaffey High Campus. Registration hours are from 1 p.m. to 4 p.m. and 7 p.m. to 9 p.m. Monday through Thursday and Fridays from 9 a.m. until 4 p.m.

Students who desire their high school diploma should register as early as possible as it is necessary to evaluate their high school records, military service and work experience to determine their requirements for the high school diploma.

The following classes remain open for adults of the West End, --

Citizenship; English for the Foreign Born; Conversational Spanish; Introduction to Data Processing; Photography; Introductory Adult Science; Beginning Typing; Intermediate Typing; Office Practice; Office Machines; Bookkeeping; Shorthand; U. S. History; Civics; and Clothing Construction.

"Let's talk dry cleaning"

By ELISE PITTMER

There's not much that's more annoying than to take an otherwise clean garment from the hanger and discover a spot on it after just one wearing. "Is it a food stain? Beverage? Perfume?" You have no way of telling. When this happens, it's wise to get the garment to your cleaner as quickly as possible. While some stains are irremovable, most of them do come out with proper cleaning. Food stains, stains from tea, coffee, soft drinks and fruit juices, should be scientifically removed quickly, before they become oxidized by exposure to air and heat. Dye stains are usually the most difficult to remove from dark and pastel fabrics. White fabrics yield to bleaches which can usually remove the dye stain. Oil stains come out easily when fresh, yet they are often impossible to remove completely after they have aged for a time. A word of warning: never try to remove an unidentified stain by home cleaning agents. You might come up with a ruined garment! Proper cleaning by specialists costs less in the long run, makes your clothes last longer.

Wood Carving On New 'Plane' Arrives

CLAREMONT -- Can you picture a typical 2 x 2 Douglas fir board from the lumber store becoming a "Community of Scholars"?

Or a regulation size parquet oak breadboard transformed into a "house plant" or "baby"?

That's exactly what James Fuller, Associate Professor of Art at Scripps College, is doing this summer. Fuller, who received a research grant through Scripps from Ford Foundation Funds, is embarked on a "new" type of wood carving, that turns the common board into a piece of art. His eventual aim is to perfect the polychrome sculpture to withstand the weather and stand tall enough for outdoor garden or yard use.

In the meantime, his Claremont home and studio are filled with examples of the experimental art, as is his workshop in the basement of the Joint Science Building at The Claremont Colleges.

3RD DIMENSION
Using a power hand saw and sander as his principal tools, the South Dakota native is projecting his original watercolor paintings into the third dimension.

"The Community of Scholars," for example, started out as typical 2 x 2's. Fuller carefully cut them into cubes which he laminated together with a special type of glue to give the appearance of a checker or chess board. Perched on top of the board are seven "scholars" made from blocks of wood. They are pieces of oak, ash, walnut and old furniture cut down and glued together into figures. The natural hues and grains of the woods used give the piece an earthy shading.

Some of his other works utilize paints, tints and varnishes.

"I've been working with woods for a year and a half," Fuller, who received his B.A. and M.A. from the University of California at Berkeley, said. "Originally I painted with oil paints, and then I went into watercolor paintings. My watercolor paintings were mainly in the shapes of rectangles, cubes, stacked or arranged together. I decided to try and make them into objects, and began the wood or polychrome sculptures."

Thus far the largest of the sculptures stands three feet tall and perches on the porch of the Fuller home. It's a part of a six-member "House Plant" series where breadboards are cut and laminated together to form structures closely resembling plants at various stages of budding.

"I can see these used as home furnishings, either decorative or functional--perhaps as a foot stool," he said.

Cal Poly Grid Drills, Sept. 1

Cal Poly, Pomona head football coach Ray Daugherty expected to greet 23 lettermen among 50 candidates Sunday, Sept. 1, as fall practice got under way.

Daugherty scheduled a 6:30 p.m. team meeting, the jogging of a mile for time, and viewing of last year's game films of the Broncos' initial foe--Cal State, Hayward, Sept. 21 at Hayward--for the opening session.

The following day the squad commenced a three-a-day workout, to taper down to two-a-day drills the week before the opener.

Daugherty will be assisted by Jack Frost, offense, Dan Peterson, defense, and Pete Setlich, backs. Ken Cochrane will handle the freshmen.

Frost, like the head man, is beginning his second season, while Peterson, former UCLA standout and Setlich, ex-Chino High mentor, are new to the staff.

Big Tree
A single coast redwood tree yields enough lumber to build and furnish three large homes.

WOOD BLOCKS
Fuller is also experimenting with wood blocks that are interchangeable, somewhat like toys. Of different shapes, they can be slipped together to create various patterns.

An award-winning painter (at the Pasadena Art Museum and Los Angeles County Museum to name two), Fuller has exhibited his paintings in most of the West Coast museums including the San Francisco Museum and at the State Fair in Sacramento. He has also had a number of one-man shows; at the Rex Evans Gallery in Los Angeles; the University of California at Riverside; the University of California at Davis and Occidental College.

In 1966-67 some of his watercolors were included in a national traveling exhibit sponsored by the Springfield Museum of Springfield, Mo., called "Watercolor USA."

Fuller has not yet exhibited any of his polychrome sculptures; however, he does plan to sometime in the near future.

In the meantime he's teaching himself to skillfully utilize the power equipment--much more complicated than the original woodcarver's whittling knife--and to achieve more complex designs from a simple piece of scrap lumber.

Peggy Fleming At The Forum Makes Debut

Peggy Fleming will make her world debut as a professional entertainer when she appears as special guest star during the Shipstads and Johnson Ice Follies' Southern California engagement at The Forum, Sept. 17 thru Oct. 6th.

It will be "Home Coming" for queen Peggy, who did much of her early training in Pasadena public rinks. A native Californian, Miss Fleming recently returned to live in the greater Los Angeles area.

Miss Fleming was the only American to win a Gold Medal at the 1968 winter Olympic Games in Grenoble (France). She is five-time U.S. figure-skating champion and winner of the World's figure-skating championships in 1966, 1967, and 1968.

Miss Fleming turned professional last April when she signed an exclusive contract for all fields with Bob Banner Associates, producers for television, motion pictures and the legitimate stage.

It has been estimated that Peggy, in her new career, will earn \$1,000,000 personal income over the next four years.

Eddie Shipstad, co-founder of the Ice Follies, said of Peggy joining the Ice Follies:

"From the first time I saw Peggy as an amateur, I felt she should some day skate with the Ice Follies. Seeing her win several championships confirmed my convictions."

The London Times once described Peggy on ice as "flawless and incomparable." This same form will be seen by local audiences during her Forum engagement where she will perform routines specially created to fit her gifted talents.

Is Your Child's School Really Safe?

There are 50 million reasons for making schools safe from fire -- the nations elementary, and high school students. The responsibility for school fire protection is not solely that of school administrators, teachers and parents of students. The general public has a stake in fire-safe schools -- if only to protect their tax investment in public education.

School fire protection is economical according to the National Safety Council. The cost of installing protective equipment is more than offset by reduced insurance rates. Within a few years the initial investment can be paid for through the savings in insurance.

What kind of fire protection is needed? Council fire protection specialists recommend:

- installation of automatic sprinkler system.
- fire extinguishers at key locations.
- a fire alarm warning system.

The installation of a fire alarm warning system alone does not provide enough protection. In tests conducted by the Los Angeles, California fire department, school buildings which were to be torn down were set on fire. The buildings were representative of all types used for schools, from one to several stories high. An average evacuation time of one minute per floor was established by timing fire drills in the Los Angeles schools.

It was found that some fires spread so rapidly that one minute per floor was not sufficient to evacuate the building safely. The researchers also learned that even in fire-resistant buildings there were enough burnable furnishings and other material to let a fire grow large enough to cause dangerous heat and smoke.

While no alarm system was found universally satisfactory, the research group was unable to set a fire that could not be controlled by automatic sprinklers, at least long enough for safe evacuation. Sprinkler systems can keep the fire localized and, in many cases, extinguish it.

Sprinklers, however, are no substitute for other protection, the Council says. Fire extinguishers should remain in schools. They should be the modern stored pressure type rather than the older soda-acid type still found in many schools. In addition to those, dry chemical or carbon dioxide extinguishers should be installed for protection against flammable liquid and electrical fires.

Extinguishers can be used to put out a fire before it creates enough heat to set off the sprinkler.

The installation of sprinkler systems and fire extinguishers also lead to separate reductions in insurance rates.

Protective equipment does not replace the teaching of safety. Parents have the responsibility of teaching their children fire safety as part of daily living, and of making sure the school his child attends is fire-safe.

Nearly all schools have fire drills designed to teach students how to leave the school building in an orderly, safe, and controlled manner without panic.

The National Safety Council recommends the following procedures for fire drills:

- A responsible adult should be designated to sound the fire alarm signals.
- Definite procedures should be established for every situation that may possibly arise.
- Fire alarm signals should have a sound distinctly different from the bells used for normal school purposes.
- Drills should be carried out throughout the school year on different days of the week and at different times during the day. This will give the student experience in leaving many work stations and under many "Blocked Exit" situations.
- Laboratory work involving the use of flammable or explosive materials should be carefully supervised.
- Draperies, curtains and scenery used in auditoriums should be flame resistant.
- All school wiring should be approved and conform to the National electrical code.
- Teachers and older students should be taught to know the location of fire extinguishers and how to use them. They should also know how to turn in a fire alarm either by the alarm box or by telephone.

From lawyers to archivists. From communications to missile repair. The U.S. Army Reserve is many men doing many things. For themselves. For their Country.

FANCY THAT!..... by THOMPSON

MOWN BY STONE!
ANCIENT EGYPTIANS MOWN DOWN THEIR CROPS WITH FLINT-BLADED SICKLES STUCK IN WOODEN HANDLES!

WOW! OVER, SICKLE MOWER! IN 1910, PETER GALLARD INVENTED A MOWING MACHINE IN WHICH STRAIGHT KNIFE BLADES ROTATED AGAINST A FIXED BLADE -- BUT THE MACHINE WASN'T WORKABLE UNTIL JEREMIAH BAILEY CURVED THE BLADES TO PREVENT JAMMING!

ELECTRIC POWER MOWERS USE LESS POWER!
ELECTRIC MOWERS ARE SO LIGHT THAT THEY RUN UPHILL EASILY -- AND TO DO THIS, A MACHINE LIKE THE BLACK & DECKER 22 LAWN MOWER ACTUALLY USES LESS POWER FOR AN AVERAGE CUTTING THAN AN ELECTRIC IRON!

Bert D. Hammond In New Position At Claremont

CLAREMONT—Appointment of Bert D. Hammond to the new position of Assistant Director of Admissions and Community Relations of The Claremont Colleges Center for Educational Opportunity has been announced by Dr. Mark H. Curtis, president of Scripps College, who also is serving as provost of The Claremont Colleges during the coming year.

Hammond's responsibilities will include that of admissions consultant to the five undergraduate colleges, the graduate school, and the special educational programs of the Center. He will inform schools and

community agencies throughout the area of the admissions possibilities at the colleges and programs of the Center, and will solicit applications for admission, especially from appropriate members of minority groups and poverty-level communities.

Until his new appointment, Hammond, a Claremont resident, has for the past year been directing Project Open Future, a program to assist school children from minority groups in planning for college admission. In his new position, he will be working under the direction of the Reverend

E.C. Reckard, Director of the Center for Educational Opportunity as well as Chaplain of The Claremont Colleges.

Hammond, a former resident of Oxnard where he was a member of the high school faculty, is a graduate of Central High School in Cleveland. He received a bachelor of science degree from Ohio State University and a master of education degree from Cornell University, Ithaca, New York. He is a veteran of World War II, entering the service as a private and being discharged as a captain.

While in the Oxnard area, he was chairman of

the city's Community Relations Commission and a member of the Ventura County National Association of Colored People. Since coming to Claremont, he has been a board member of the Claremont Intercultural Council.

Hammond is married and the father of five children. His wife, Mildred, is a graduate of Antioch College, Yellow Springs, Ohio.

More than 60 per cent of the doctors and 70 per cent of the dentists on active military duty are members of the Army Reserve.

Debby's Diary

Dear Debby:

First off let me state that I am as patriotic as the next person, but I feel that there is a limit to how far a person should go.

My husband is the person who goes too far. He feels he must rush off to every conflict or war that hits this country.

He was in the Korean War. When his hitch was over, he joined the National Guard and was on riot control duty when the trouble flared up in Los Angeles. Now he's going to re-up to get in on the Vietnam war. What can I do to make this war monger stay home. He doesn't have any real interest in rank or making a career.

The Wife He Left Behind

Dear Wife:

Have heart. This so-called "war monger" may find out that he may be a little too old to go to Vietnam. Wishful thinking so to speak. His home life sounds such that there may be not enough to keep him home. Try a little harder.

Dear Debby:

I get so sick and tired of reading not only in your column, but in all the other papers, how awful mother-in-laws are. Just for the record, I would like you to print this letter. I have been married for 20 years and have the most wonderful mother-in-law in the world. I could not love her any more than if she were my own. Why can't people tell the good things about them instead of all the bad jokes.

Grateful

Dear Grateful:

They are -- I too, count my blessings.

Dear Debbie:

I've been dating a very attractive girl for about a year. We had been talking about getting married. She is a deeply religious person so in all matters of church wedding I let her have her way because I have no real faith.

All of a sudden she called the whole thing off. Her reason was that she claims to have been told by an angel of her God not to associate with heathens.

What gives? Has she flipped or has she really had an angelic tete-a-tete?

Flipped by an angel

Consider yourself lucky. You certainly had somebody up there who liked you.

Dear Debbie:

I have an eleven month old baby who keeps me running after him most of the day. My problem is my neighbor, who also has a child the same age.

My husband needs our car for work every day, and that leaves me more or less stranded. However, my neighbor has the use of her car three or four days a week. She thinks nothing of dropping off her baby to me to take care of for hours a day so that she can "shop at ease."

I don't mind being a good friend and neighbor and all that jazz, but I find myself doing free babysitting all the time, and am completely worn out at the end of the week.

What should I do to stop this and still retain this friendship?

Weary Soul

Dear Weary:

She certainly doesn't sound like a very good neighbor to me. She is obviously taking advantage of your good nature. I certainly would not be afraid of hurting her feelings. The next time she asks you to babysit for her tell her you are just too busy or leave yourself, even if you have to take a walk around the block. Do this a few times and maybe she will take the hint.

Dear Debbie:

You have to help me solve this delicate problem. My husband thought it would be just great to have his younger brother (we will call him Don), visit with us from the northern part of the state. We sent him a bus ticket and he was here the next day.

Don is 14 and has been here for the past three weeks. He is determined that he is not going back home until the day before school starts. Frankly, Debbie, he is eating us out of our budget. He is sweet and we hate to hurt his feelings, but we are going broke very quickly. What do we do?

Budget Breaker

Dear Budget:

Don't you know you can't hurt a 14-year-old's feelings? Go down and buy him a bus ticket home and tell him it was nice seeing him and you hope he can come back next summer. Blame it on his mother, say she wants him back to get ready for school.

HEALTH HINTS

WRONG DRUG AT THE WRONG TIME

Just over a year ago an unusual episode in a mid-west nursery school suddenly placed 20 children on the sick list. A tuberculosis epidemic had broken out. In addition to the 20 with active disease, many others had acquired TB infection but were not actually ill.

The incident is worth recalling for a couple of strange reasons. For one thing, such epidemics have become comparatively rare; evidently they still happen. Another thing: it all began with a case of arthritis.

The arthritis sufferer, a member of the school's adult staff, was being treated with steroid drugs. Some years before she had had tuberculosis, but it had long since retreated to an inactive stage. Now it was found active again.

Coincidence? Not a bit. It has been known for some time that steroid drugs such as cortisone often prescribed for arthritis, can cause TB to change from an inactive to an active phase. It can also activate TB in a person who has tuberculosis infection but has never had the active disease.

The American Thoracic Society, medical section of the National Tuberculosis and Respiratory Disease Association, wrapped up the situation in a comment published in its magazine, *Clinical Notes on Respiratory Diseases*: "It needs to be emphasized again and again that no patient should be treated with adrenal corti-costeroids without a careful investigation for the presence of tuberculosis." The ATS also recommends the anti-TB drug isoniazid for any patient with a history of TB while he is receiving steroid treatment and for six weeks after.

The patient, needless to say, shares the responsibility. Any person who has ever had TB infection or active disease should make sure his doctor knows about.

HOUSEKEEPING A-Z

Potpouri of Household Hints

Making the move back indoors soon? Don't forget to leave the outdoors in shipshape order ready for next spring. You can do your clean-up in easy-care fashion with this trio: A giant sponge, a container of pine oil cleaner-disinfectant and a roll of paper towels. Items to be treated: barbecue grills, children's wading pools and play equipment, patio deck and summer furniture. After the clean-up cover summer gear with sheets of clear heavy-gauge plastic for protection against winter's dirt and grime.

When you're cleaning house for the fall season, keep safety in mind. Here are three "musts." 1. Read the label on all household products and follow safety hints closely; 2. Never put a non-food product in an empty food container; 3. Keep everything you didn't buy in the food department out of the food cabinets and out of the reach of children.

Pick-up sticks is often more fun than pick-up toys. Let the young ones make their own toy boxes out of corrugated food boxes from the grocery store. Yardage of plastic adhesive in a gay pattern is all you need and the toddler can fashion his own toy box.

"Frankly" Filling

Hungry big folks join the ranks of the younger set when the popular hot dog is complemented with a novel topping that enhances its eye-appeal and flavorfully boosts its substantial eating qualities. Tip-Top Franks are a very tasty example of this "frankfurter plus" approach.

Sprightly flavored salad dressing is the foundation for the savory topping-cum-filling of Tip-Top Franks. The dressing has the teasing taste of a bouquet of subtle spices. Diced tomato and chopped sweet pickle provide color and flavor accents for the peppery filling. It's a combination that makes "real cool" eating of the favored frankfurter. You'll enjoy it, too, as a tempting topper for hearty open-face meat and cheese sandwiches.

Tip-Top Franks

- | | |
|-----------------------------------|--------------------|
| 1 cup Miracle Whip Salad Dressing | 8 frankfurter buns |
| 1/2 cup diced tomato | Lettuce |
| 1/4 cup chopped sweet pickle | 8 frankfurters |

Combine salad dressing, tomato and sweet pickle. Line buns with lettuce. Split frankfurters; fill with salad dressing mixture. Place filled franks in buns.

Claims Mobile Homes Are Answer To Low -Cost, High Density Housing

A Southern California builder of over 3,000 single-family residences predicts that the mobile home industry will rise as the dominating factor to solve America's housing problems within the next 10 years.

Hugh Temple, president of the Hubert A. Temple Co. of Van Nuys, said the mobile home industry will emerge as the nation's answer to high-density, low-cost housing, and therefore, account for the largest percentage of home purchases.

Preparing a paper for the National Assn. of Home Builders Convention in Houston, Texas, next January, Temple said that an age group of under 34 years already accounts for 43 per cent of mobile home purchases. "In addition," he said, "seventy-five per cent of the families who purchase mobile homes have incomes of \$7,000 or less. We are only six years away from the reality of a forty-three per cent gain in the mobile home communities of persons between 20 and 30 years of age. This is about 11 million persons, and it may run as high as 12 million.

Temple, also owner of Fairview Manor, a mobile home park in Tucson, Arizona, said his research revealed that in 1967 the mobile home industry was represented by over 30 per cent of the total single-family housing starts.

"Last year," said Temple, "nearly eight per cent of the nation's housing, priced under \$12,500, was in mobile homes."

ONE IN SEVEN Every seventh house produced last year was mobile. And now, over five million persons reside in mobile homes, priced from about \$5,000 to \$50,000 for the ultra-luxury models.

Temple said the mobile home of today has none of the characteristics of the log cabin, and, in fact, the location hardly compares to the woodyscene of grandfather's day.

"The mobile home," he says, "is self-contained, fully-furnished, ready-to-live in. It is hardly mobile anymore, because its setting is likened to that of a country club, with paved streets, curbs and gutters, a green belt and lush landscaping. Most often in the above-average mobile home parks there are clubhouses, croquet, badminton and tennis courts, lawn bowling, swimming pools, golf courses and putting greens.

"The difference," he said, "is the price. For an unfurnished single-family residence, the buyer may pay \$14 to \$17 per square foot. A mobile home of about 1,000 square feet costs from \$7.50 to \$10 per square foot."

QUADRUPLE WIDTHS

The mobile home has taken on the characteristics of a single-family residence with several marvelous engineering attributes. The double-width mobile home is relatively new. The two-level mobile home exists not far off in the future, and triple-width and quadruple-width mobile homes are here now.

"You must remember that the mobile home is furnished at the factory," he says. "The fact that a mobile home, with single-package financing and fully-furnished, becomes attractive to the major percentage of the American populous is readily apparent, as opposed to the purchase of a single-family residence, unfurnished and nearly twice the price."

California has 4,500 various classes of mobile home parks, of the 18,200 in the U.S., but the ones which fail to meet the absolute top standards are disappearing into the folds of obsolescence.

Temple, owner of Fairview Manor, in Tucson, Arizona, prides himself in producing one of the finest mobile home parks in the Southwest.

Fairview Manor is in-

dustry-rated as a 5-star park. Designed for the semi-permanent resident, accommodations include oversize sites, plus a 10 ft x 50 ft, ramada patio; all utilities underground, police and fire protection by the City of Tucson, four separate laundry and lavatory buildings, door-to-door mail delivery, lighted, paved streets, and a security patrol.

The sites have trailer-side carports with storage lockers, excellent landscaping and broad green belts. The paved streets are lined with palm trees to provide a tropical setting, and there is a Clubhouse.

RETIRED COUPLES "We concentrate on the retired couples," says Temple. "We are planning to expand the park in view of the increased number of retired persons who will be living in mobile homes."

Temple says that senior citizens provide an important market for the mobile home industry. This market is expected to increase by 15 per cent within the next five years. At this time, he reports senior citizens share 25 per cent of the market.

"The reason for the popularity of the mobile home in this market is that the retired couple has to live within a preferred income. The mobile home provides them the kind of environment they can afford economically, and it necessarily doesn't require the retired couple to be at a fixed location as in the

case of a single-family residence."

Temple says that his research shows that the increase of household formations within the next decade may reach nearly one million.

YOUNG MARRIEDS "Young marrieds will gain at a rate of 2.5 per cent faster than the population as a whole," he says. "It is a force to deal with, for all markets will be changed to suit their needs, and one of them is housing. These young married, budget-minded people will examine the mobile home industry and approve the mobile home as the most appropriate and economic form of housing."

The Mobile Homes Manufacturers Assn. is solidly determined to create new ideas in mobile home living. This organization last year was asked to develop different techniques for the employment of the mobile home module to shelter situations.

The Association produced several approaches to the development of fixed-site housing for urban areas. One was the use of a mobile home as an apartment, with front and rear patio, or two mobile homes joined for a larger apartment.

Temple's research, prepared for a seminar at the National Association of Home Builders, portrays several interesting aspects.

America's mobile home parks are valued at over \$1 billion, with one-third of the mobile home population residing within the

Western States.

BLIGHT LESS And, a mobile home park tends to "blight" less rapidly than the normal subdivisions because the owner, with a vested and permanent interest, has to maintain a park in a manner of excellence to protect his investment.

Says Temple, "You can expect some commanding performances out of the MHMA and its supplier members, based on the requests of the Department of Housing and Urban Development."

"Design concepts will mobile home as psychologically appealing as the single-family residence. From these concepts, the mobile home module will play active roles for multi-family, single-family, and even vacation homes."

Temple says the mobile home industry already has presented, and knows how to apply them, several different concepts for low-cost, high-density housing. One is the stacking of specially designed modules to create the town-house effect. Another is building high-rise structures.

The days are near, he reports, when organizations like the MHMA, working with governmental bodies like HUD, will find the means of complying with codes and solving the fabrication techniques to create new housing forms and resolve the problems of shelter economically, structurally, and aesthetically.

OLD FAITHFUL -- This wasn't the ordinary geyser they let loose last week. Construction workers digging up the pavement along Towne Avenue, near Arrow Highway in Pomona struck a water pipe recently and were treated to a free shower. The water shot up an estimated 30 feet while water company employees worked furiously to control the high pressured water stream.

Pomona 'Y' Education Plans

The Pomona Valley Y.-M.C.A. announced the beginning of the Fall Physical Education Program - Monday, September 16 for girls and Tuesday, September 17 for the boys.

Swimming classes will be scheduled for all ages and they are as follows: Mother-Baby (3 mos. to 3 yrs.); Tiny-Tots (3 yrs. to 5 yrs.); Pee-Wees (5 yrs. to 7 yrs.); Youth (8 yrs. to 14 yrs.); Jr. High Boys.

Physical fitness and youth gym classes for boys and girls age 8 yrs. through Jr. High age.

Jr. and Sr. Life Saving for young men and women ages 12 yrs. and up.

Pee-Wee gymnastics classes will also be offered for boys and girls ages 5-7 years.

Children's Spills

If you have a toddler, or several small children, use table mats instead of tablecloths when serving lunch to youngsters. Tablecloths hang over the edge of the table and may cause a small child to spill a hot liquid on himself.

Playpen Moving

Put a large lid under each leg of the baby's playpen and it will keep the casters from sinking and cutting into the lawn. By using these lids, you can move the playpen about without disfiguring the lawn.

Chase That Dirt

Dirt on top of the battery casing can cause a generator to charge all the time no matter how much the car is driven.

Open Tennis Tournament Offered By Claremont

DM Debutante Race, Saturday

The Claremont Parks and Recreation Department will sponsor tennis tournaments for juniors and adults this summer.

In the Adult Tournament, the Men's Doubles and Women's Singles will be played on August 31 through September 2, and the Mixed Doubles will be played on September 7 and 8. The fee for the adults will be \$2.50 per person (balls are furnished). Participants must be 21 years old or over. There will be trophies for 1st, 2nd, and 1st consolation in the Adult Tournament.

The Junior Tournament will be played on August 26 through August 30. The age divisions will be: Girls 8-10 yrs. and 11-14 yrs., and Boys 8-10 yrs., 11-13 yrs., and 14-18 yrs. The fee for the juniors will be \$2.00 per person (balls are furnished). Participants must have been in one or both five-week sessions of the summer tennis program sponsored by the Claremont Parks and Recreation Department or must be a Claremont resident.

There will be trophies for 1st, 2nd, and 1st consolation, and medallions for 3rd place in the Junior Tournament. The tournaments will be played on the Cahuilla Park Tennis Courts and the Claremont High School Tennis Courts. Registration for the Junior Tournament will be taken August 19 through August 22 from 8 to 12 noon or 6 to 8 p.m. at the Cahuilla Park Courts.

Registration for the Adult Tournament will be taken August 26 through August 28 from 8 to 12 noon or 6 to 8 p.m. at the Cahuilla Park Courts. For further information, please contact the Recreation Division Office at 624-4531, ext. 47.

A Nutty Idea

Nut meats come out of their shells in large pieces when they are frozen, so keep nuts uncracked in freezer for at least two days before using and crack at once when you remove them.

DEL MAR--Eighteenth running of the \$50,000 gross Del Mar Debutante Saturday and the second appearance of Liangollen Farm's powerful Pretense on Monday in the 29th Del Mar Handicap is expected to lure banner crowds to the seaside course for the holiday weekend.

Jan Jessie, the swift and consistent youngster owned by Dr. Jock Jockey and Paul Meredith, will undoubtedly rule a strong choice to win the Debutante, the six furlong special which will decide the

seaside track's 2-year-old filly championship. Triumphant in her local debut last Thursday with a 1:09 4/5 spin, Jan Jessie goes into the Debutante already a double stakes winner. She captured the Cyngnet and Cinderella Stakes earlier this summer at Hollywood Park.

Opposing the hard-hitting daughter of Turf Charger--Pearl will be such accomplished fillies as Sniffen court, Fourth Round, Lady Neke, Restless Love, Nibble, Kissing Ring, Jackson Lake and others.

It'll Be East Vs. West In At Riverside Races

Two more top-notch regulars on the Trans-American road racing circuit have reservations for Riverside, Sept. 7-8, as George Pollmer and Peter Revson filed entries recently for the \$20,000, 250-mile Mission Bell Sedan race.

They'll put two American Motors Javelins on the starting grid for the 12th race of the series, along with champion Mark Donohue's Chevrolet Camaro and two-time former champion Jerry Ti-

tus' Ford Mustang. Currently the splashy red, white and blue AM racers are a close third in the manufacturer's point standings.

Although it has yet to win on the trail, Team Javelin has been the surprise of the season. Revson has garnered a couple of pole positions in qualifying and Pollmer has finished second several times. In the 10 races run thus far, Team Javelin has always finished.

LIGHT-UP TIME -- Sue Stewart demonstrates the Una-Spray burner under development at North American Rockwell Corporation's Rocketdyne division. This glass model of the new burner is capable of producing up to 300,000 btu per hour, or more than the average home furnace. The burner also operates at lower cost with easier maintenance. (Photograph also available in color prints or transparencies upon request).

COMIN' AND GOIN' -- Spectators at Riverside's Mission Bell \$250,000 Sept. 8, will get more neck-twisting action than the tennis set as evidenced by Jerry Titus' Mustang (top) and Bert Everett's Porsche. They represent 40 over and under two-liter Trans-American Sedans which will churn 250 miles over the Raceway's 4.6-mile road course at speeds of 160 mph. Race is also for Camaros, Javelins, Firebirds, Darts, Cougars.

Contact Kyle Given, publicity director, Riverside Raceway, 22255 Eucalyptus Ave., Riverside, 92508, for information. Phone: (714) 653-1161. In Los Angeles, contact: Deke Houlgate, (213) FR 8-3956.

"YOU CAN'T LOSE WITH U.S. SAVINGS BONDS," says Mrs. Ramona Deitemeyer, Mrs. America 1956. "They are truly the seeds for an ample tomorrow. Bonds have paid for 17 years' college for our children; they can help you, too." New regular bond buyers can also buy higher-paying Freedom Shares through Payroll Savings or Bond-A-Month Plans.

Like To Sing? Sweet Adelines Searching For Fresh Talent

The Pomona Valley Chapter of Sweet Adelines, Inc. received its charter in 1961, and has 35 members.

The group furnishes entertainment for civic, cultural and charitable organizations, averaging about 20 singing engagements per year. Director is Mrs. Robert Whitney, who lives in Glendora.

Each spring the 40-

choruses in this region (Southern California, Arizona, and Nevada) compete for top honors in barbershop harmony. Activity highlights of the Pomona Valley Chapter include an annual show, regional competition, assorted Ways & Means projects, membership drives, inter-chapter visitations, Halloween and Christmas parties.

and miscellaneous social functions.

Sweet Adelines, Inc. is an international, non-profit, independent corporation and is not affiliated with any other organization. Its purpose is to educate its members in the art of 4-part barbershop harmony, without instrumental accompaniment. There are some 17,000

members of Sweet Adelines throughout the U.S., Hawaii, Canada, Tokyo, and the Panama Canal Zone. They are made up of women of all ages—housewives, teachers, business and professional women.

Women who are interested in singing are invited to attend weekly rehearsals. More information may be obtained by calling 624-9361.

From left are Mrs. Charles Holmes, Mrs. Robert Davis, Mrs. William Peck and Mrs. Jack Moore.

Tropical Paradise? You'll Find It At The County Fair

POMONA-- Been wanting to take that trip to your own tropical paradise? You may not have to go very far this year.

The Los Angeles County Fair's 1968 Flower and Garden Show will be highlighted by its display of tropical and color plants throughout the fair's 17-day run, Sept. 13-29.

The show's famous water fall and reflecting pool will be covered with tropical ferns, orchids and birds of paradise-- familiar sights on any South

Sea isle. In the pool itself floating baskets of flowers will add a further tropical air.

More color will be added to the five-acre exhibit by floral displays on the show's hill top back yard. Beginning at the top, a rose garden will add a wide variety of color. Farther down the hill a green house, Japanese gardens, and an exhibit of hanging baskets will further express the show's emphasis on tropical plants and flowers.

WOOD-SHEDDING AROUND TOWN HALL -- the "GhostTowners" will entertain during the fifth annual "Notes at Knott's", Saturday, September 7, at Knott's Berry Farm. Joining in this informal singing are (left to right) Art Groves, Harry Kaytor, Lynn Lowman and John Browne. Sponsored by the Orange Chapter of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America, Inc., shows will be staged in the Wagon camp beginning at noon. A grand finale at 4:30 p.m. will feature all the quartets and choruses singing together. Knott's is located in Buena Park (Beach Boulevard) just two miles south of the Santa Ana Freeway.

BONANZA IN WAX -- The stars of TV's "Bonanza" are among the newest additions to Movieland Wax Museum's "hall of fame." Michael Landon, Lorne Green and Dan Blocker are depicted beneath tall pines near a log cabin on the Ponderosa. Visitors are amazed by the figures' uncanny resemblance to their flesh and blood counterparts. Skilled wax sculptors have captured the actors' familiar expressions; and the realism is enhanced by the scent of pine filling the air from the real pine trees used in the set.

BOMBY - The Juggling Clown, entertains the kiddies on Sunday afternoon at Hollywood Bowl where "Sundays at the Bowl" continues through September 29th with family activities beginning at 2:00 p.m., including a 100-artist painting and sculpture exhibit. A special program in the amphitheater is booked each Sunday at 6:30 p.m. for which there is a charge of \$1.00. There is no charge for the afternoon activities of the art exhibit and sundry entertainments.

A DOG'S LIFE

Lassie, Please Go Home

If your dog hasn't learned to dial the neighbor's phone number, it's probably wisest that he stay home instead of visiting unannounced.

Although most people like dogs and the others have learned to bear with them, nobody likes to entertain a neighbor's dog when they really ought to be doing the laundry—or prefer to weed the garden without the help of a four-legged acquaintance.

No dog is born with yard manners. Like a taste for wines, it has to be acquired. A long lead allowing him only the freedom of his own yard will help.

Your dog must learn to control his wanderlust. He must be taught to relieve himself in a corner of his own yard, not in the corners of every yard within range. Dogs can be trained to use an approved nook near the garage or behind the shrubs. You can place some of his droppings in the selected spot, and then praise him for his discretion when he takes the hint.

At the same time, you should spray other spots he chose on his own with a commercial deodorant. There are several effective brands on the market, say Purina Pet Care Center trainers. The odor fends off the dog. In effect, he is forced to follow his nose to the area you have designated as least offensive. You may also drive the lesson home by rewarding dogs with praise and a tidbit.

Dogs have no sense of civic responsibility. Your dog cares only to please you.

You may never be able to teach him how to use the telephone—especially with the new all-number dials—but for the love of you, he'll keep out of the nasturtiums next door.

to-wit: \$14,000.00, with interest from February 1, 1968, as in said note provided, ad-
vances, if any, under the terms of said Deed of Trust, fees, charges and expenses of the Trustee and of the trusts created by said Deed of Trust.

The beneficiary under said Deed of Trust, by reason of a breach or default in the obligations secured thereby, heretofore executed and delivered to the undersigned a written Declaration of Default and Demand for Sale, and written notice of breach and of election to cause the undersigned to sell said property to satisfy said obligations, and thereafter, on May 20, 1968, the undersigned caused said notice of breach and of election to be recorded in book 7028, page 653, of said Official Records.

Date: August 21, 1968

NOTICE INVITING BIDS
For City of Upland Gas Tax Project No. 186, intersection improvements at Foothill Boulevard and Second Avenue, including modification and improvement of the Foothill Boulevard Service Roads between 256 feet west of Second Avenue and Third Place, including the construction of P.C.C. curb, gutter, and gutter, and sidewalk, asphalt concrete paving and appurtenant work.

NOTICE IS HEREBY GIVEN that sealed bids will be received in the office of the Purchasing Agent of the City of Upland, California, up to 2:00 P.M. on September 11, 1968, at which time they will be taken to the Council Chambers and publicly opened by the City Manager, for Gas Tax Project No. 186, intersection improvements at Foothill Boulevard and Second Avenue including modification and improvement of the Foothill Boulevard Service Roads between 256 feet west of Second Avenue and Third Place, in accordance with Construction Plans, Specifications, Standards, and other Contract Documents on file in the office of the City Engineer of said City, to which Plans, Specifications, Standards and Documents bidders are referred for further information.

Plans and Contract Documents may be obtained at the office of the Purchasing Agent, at the City Hall, 177 "D" Street, Upland, California, upon payment of One Dollar (\$1.00) for each set, which amount will not be refundable. Standard Specifications for Public Works Improvement books may be purchased at the office of the City Engineer at a charge of Four Dollars and Twenty-five Cents (\$4.25) for each book.

Each proposal must be accompanied by cash, certified check, cashier's check, or surety bid bond in the amount of not less than ten per cent (10%) of the estimated aggregate amount of the bid as a guarantee that the bidder, if successful, will promptly execute a contract in the required form and furnish a satisfactory faithful performance bond and material and labor bond. Each of said bonds shall be in the amount of one hundred per cent (100%) of the contract price.

Pursuant to the provisions of the Labor Code of the State of California, not less than the general prevailing rate of per diem wages and not less than the general prevailing rate of per diem wages for legal holidays and overtime work, for each craft or type of workman contemplated under the Agreement, as ascertained by and set forth in Resolution No. 2073 adopted by the Upland City Council, shall be paid to all workmen employed on said work by the Contractor or by the subcontractors doing, or contracting to do, any part of said work.

Bids must be returned to the office of the Purchasing Agent enclosed within a sealed envelope with the words, "Bid - Gas Tax Project No. 186" plainly marked on the outside of the envelope. The right is reserved to reject any and all bids which the City Council may deem not to be to the best interest of the City and also the right to waive any informalities in a bid, and the right to award the contract for the above described work within 30 days thereafter. Work of construction shall begin within 10 days after the signing of the contract and shall be completed within 60 calendar days after the date of the contract. Further information will be furnished and detailed plans and specifications of the proposed work may be inspected at the office of the City Engineer of the City of Upland, Proposal blanks and copies of the Plans and Specifications may also be obtained from the Purchasing Agent.

By order of the Council of the City of Upland, California.
I. C. Harold Terry

Electronics System To Monitor Freeway

SACRAMENTO--Little wires buried in the pavement that will forever count the number of passing vehicles will be the basic element in a sophisticated electronics system designed to monitor constantly a 42-mile section of the Los Angeles freeway network.

In remarks made recently before the Governor's Advisory Committee on Traffic Safety, Gordon C. Luce, State Secretary for Business and Transportation, disclosed that the wires which are called sensors will combine with other equipment to examine the entire network 60 times each second and when traffic slows down or stops, sound the alarm and identify the exact location of the bottleneck.

Although he described the undertaking as "experimental" Luce said that various phases it incorporates have been tried with success in Chicago, Detroit and Houston.

The ultimate aim, said Luce, is to insure each driver the safest, most comfortable and quickest transit possible.

REDUCE DELAYS
The only way traffic engineers believe this can be done on our existing freeway system is reduce the motorists' delay and aggravation to an acceptable level.

Portions of the San Diego, Santa Monica and Harbor freeways are incorporated in the test pattern. Luce said they were selected because they provide a fully representative picture of the entire Los Angeles network.

"Everybody takes Los Angeles freeways for granted", Luce declared, "so this new concept is in essence a rediscovery of freeways for through relatively minor expenditures we will reduce delay and aggravation as experienced by the peak hour motorist."

The system is developed so that surveillance will begin when sensors count vehicles passing overhead and relay that information to nearby telephone lines that in turn are connected to a control center.

YEAR TO INSTALL
Luce said that approximately one year will be required to install the sensors and establish the control post.

Sensors that will monitor all traffic lanes will be placed at three mile intervals. They will not only count traffic but also will ascertain the speed of each vehicle.

They will be augmented at half mile locations by sensors that will cross only half the existing traffic lanes. At alternate sites the lanes under surveillance will change.

At first, control room personnel will not be capable of providing an immediate reaction to a problem at a particular location. This will change shortly after the basic system has been put to the test and refinements added that will permit positive reaction.

FEDERAL APPROVAL
The project has strong approval from the Federal Bureau of Public Roads, and in a recent letter that agency declared . . . "We believe the types of devices proposed to be installed in this initial proposal are sufficiently operational that the project need not be considered experimental. However, the magnitude of the undertaking and the site selection will no doubt result in this becoming a "nationwide" demonstration of a freeway surveillance and operational system. With this in mind and knowing that the State has the organization and capabilities

ties to adequately follow through with the indicated observation, study, and analysis of the system, we would expect to obtain some very beneficial data which can be utilized by other highway agencies throughout the country."

That faith was further exemplified when the Bureau agreed to bear much of the cost of purchasing and installing the system from federal highway construction funds. Luce estimated that 80 per cent of the total costs will be defrayed by the Bureau.

Because they are included in the National System of Interstate and Defense Highways, San Diego and Santa Monica freeway mileages are eligible for approximately 90 per cent federal funding. On the Harbor Freeway that participation drops to 50 per cent.

COST \$750,000
According to Division of Highways estimates, the capital costs for the basic surveillance system will be \$725,000 and yearly operating costs \$113,000. A Division spokesman said the all-time ramp control projects on the Harbor Freeway could be added at a cost of \$100,000 and would cost \$15,000 a year to operate. The estimated annual cost for the entire program included changeable message boards, aircraft surveillance, ramp control, service patrol and commercial radio at one million dollars.

Luce cited these cost figures and then outlined the following benefits. Studies show that recurrent delay now in effect on the 42-mile system averages 150,000 vehicle minutes per day. The estimated costs -- arrived at by placing a value of three cents on each vehicle minute -- is \$775,000 a year. Non-recurrent delay is considered almost identical in length of time and cost.

Luce refused to place a price on the frustrations that can plague a driver once he is caught in a traffic bottleneck. He agreed, however, with Division of Highways traffic engineers who insist the price is high.

Neither could he place a dollar and cents evaluation, other than "substantial", on savings that will accrue from accidents that will not happen in the future but which now so often are created by freeway congestion.

Jazz History Class Slated At Chaffey

ALTA LOMA -- A first time offering of the history of jazz will be a feature of the Chaffey College evening program in the fall semester.

The two-unit course, scheduled for Wednesdays, 7-10 p.m., will cover the origin of jazz in New Orleans and its development in Chicago, New York City, and Kansas City.

Delineated will be the character and personalities of the great swing bands of the Thirties and Forties, of bop, West Coast, and the scene today.

Instruction will include "live" demonstrations and classroom listening. Teaching the course will be Jack Mason.

Registration ends Sept. 4, with the first class starting Sept. 11.

Inland Bank Shows Healthy '68 Gains

POMONA — Inland Bank, a Pomona Valley and West End independent with offices in Pomona, Claremont and Ontario, made public its annual statement of financial condition showing total resources of \$27,583,654 at the end of its fourth year of operation July 1, 1968. This represents an increase of \$5,600,000 over the same period in 1967.

Deposits were \$24,268,872 compared with \$19,210,391 a year ago

and loans and discounts totaled \$15,981,81 against \$13,617,970 on July 1, 1967.

President Wilson H. Asdel reported that substantial progress has been made by the bank in the past six months in operational profits now that the cost of expansion to Claremont and Ontario, has largely been met.

"During our formative years," Asdel said in a statement to shareholders, "in choosing between short-term profits

or long-range goals, your Directors and management have chosen growth. As our position is established in our serving area, profits will play an increasing role and we are happy to show progress being made."

Asdel said Inland's growth has been due largely to a policy of personal service through an innovation such as vigorous and inventive promotion of the Master Charge program, pioneer effort in offers of 5%-five year

savings bonds and 15-year "Double-your-money" savings bonds, free check writing program and "most favored" 4-1/2% auto loans.

Service efficiency for Inland Offices, Asdel reported, has been improved with the installation at Ontario of a central computer to handle payroll, accounts receivable and payable, inventory records.

Major Crime Offenses Up Sharply

Crime statistics for the 1967-1968 period were released recently by Sheriff Peter J. Pitchess in his Department's Annual Crime Statistics Report. This report is a comprehensive statistical analysis of criminal activity in that portion of Los Angeles County that is the exclusive patrol jurisdiction of the Sheriff.

The total number of major offenses reported last year was 51,300, a 14 per cent increase over 1966-1967. Crime in-

creased in all seven major categories with forcible rape and robbery leading the way.

Crimes against persons totaled approximately 5,330, up 11 per cent over the previous year. These include homicide, forcible rape, and aggravated assault.

Crimes against property comprise almost 84 per cent of the total index crimes reported and, as a group, increased 14 per cent to over 43,200. Robbery is a combina-

tion crime against both property and person. This type of crime increased 19 per cent over last year.

In other areas of criminal statistics, an 8 per cent increase in jail booking can be expected this year, raising the average daily population of inmates in custody to approximately 10,100.

The number of adults arrested increased almost 28 per cent, with one fourth of them for drunkenness.

SPORTS FANS!

I BET YOU DIDN'T KNOW

by RON WHITE

Can you imagine a football player scoring 100 points himself in one football game? . . . Did you know that such a feat was once accomplished? . . . Back in 1916, Leo Schlick of St. Viator College in Indiana scored an even 100 points against Lane College. . . . Schlick had 12 touchdowns and kicked 28 extra points in that game, which his team won 205-0. . . . By the way, scores that high were not unheard of in 1916. . . . That same season, Georgia Tech, for example, beat Cumberland 222-0.

How's this for a football oddity . . . Did you know there was once a man who was head coach of both a college and a pro football team AT THE SAME TIME! . . . It seems unbelievable, but it's true. . . . Back in 1941, Buff Donelli was head coach of Duquesne University and the Pittsburgh Steelers of the National Football League at the same time. . . . Finally, the pro league ordered him to choose one job or the other and he gave up the Steeler post. . . . But, for part of the 1941 season, Buff Donelli made football history.

Ever wonder what the record is in pro football for a passer having the most passes intercepted in one game? . . . The record, was set in 1950 when passer Jim Hardy of the Cardinals had eight of his passes intercepted in one game.

I bet you didn't know . . . that DATSUN features a new era in engine efficiency. . . . Its hill flattening 96 HP engine has amazing gas economy. . . . It's the same overhead cam design as found in many of the most expensive cars. . . . Get yours today at:

CAR PASTIMES

Inexpensive games can help keep children amused on long trips. So can various pastimes like "collecting" license plates and simple word games. Preschoolers enjoy sticker fun books—especially for those unexpected stops for minor repairs. The result, happier drivers, passengers and more fun.

POPULATION INCREASE

Although Nevada is one of the least populated states, its rate of population growth is the greatest of any state, according to the Census Bureau. Between 1960 and 1965, the population increased 54.2 per cent, to 440,000 persons. Arizona's rate is second, 23.5 per cent from 1960 to 1965.

Salad Dressing

For delicious and quick Roquefort salad dressing, add one-fourth cup of crumbled Roquefort cheese to three-fourths cup of French dressing. This is delicious served on lettuce or any green salad.

Bags Into Bows

The red plastic bags that vegetables and fruits come in may be folded to make an attractive bow to top a large gift package.

Slice a Spanish-type sweet onion into thin rings and marinate in olive oil and lemon juice; store in the refrigerator. Serve as a relish. If the oil congeals during storage, allow the mixture to stand at room temperature before serving.

Decorating Mats

Paint several asbestos mats with gay, simple peasant designs and group them as plaques on the kitchen wall. They not only add a bright, decorative touch to the kitchen, but are just as handy and accessible as ever.

Housing Shortage Appears For First Time Since WW II

For the first time since World War II, a shortage is beginning to appear in the Pomona Valley's housing market, figures developed by the Residential Research Committee of Southern California showed today. The figures are based on the number of new homes still unsold and on tract homes started in the first half of 1968. They do not include homes for resale and rental dwellings.

But they indicate that the Pomona area has less than a six-month supply of new houses, and that were it not for a 260 per cent rise in home construction since the first half of 1967, the shortage would be acute right now.

Those who deal with rentals report that the shortage which began in that field a year ago is becoming more severe, despite a general increase in monthly rental fees.

MANY OLDER HOMES

Only older homes for resale are on the market in plentiful supply, according to a check of gas meter transfers.

The figures on new tract homes locally were compiled for the Research Committee under the supervision of the appraisal department of Pomona First Federal Savings and Loan Association.

They showed that the available supply of unsold new houses--534 on June 30--was the lowest in the Pomona Valley since the 1940s.

"Although the inventory is slightly on the low side," Paul D. Walker, president of Pomona First Federal Savings declared, "the local housing market appears to be quite well balanced at the present time. A desirable unsold inventory for the Pomona Valley is about 600 new homes."

He said such inventory usually gives prospective buyers a good choice without creating a glut on the market.

Pomona First Federal is the largest lender of funds for homes locally and Walker said this policy will continue.

DEMAND NOW "There is now a demand for well-planned and well-built homes in the Pomona Valley," he declared, "and Pomona First Federal Savings will continue to finance those builders who meet the specifications and requirements of our loan department."

Walker said the association financed construction of 332 of the 666 new tract homes built in 1967. So far this year,

the association has lent money for the construction of 226 homes in the Pomona, Upland, Ontario, Montclair, Chino, Alta Loma, Claremont and La Verne areas.

Obviously, the shortage in housing would have become quite pronounced, had it not been for the increase in construction.

According to the figures supplied for the area by PFF, there were 1,810 tract homes either on hand or built in 1967, but by the end of the year, only 645 remained.

During the first six months of 1968 a total of 807 tract homes were sold. This was made possible through the construction of 996 new homes during the first half year, more than the entire number of homes that were built in all of 1967.

Robert Nichols, PFF vice president and chief appraiser, said 50 per cent of the new homes are being bought before they are completed. Only 104 homes built before 1967 remained on the market and 105 were unsold July 1 from those which were built in 1967.

Appraiser Joseph Le Beau, who headed the survey, estimated that if the trend continues through the end of the year, there will be 2,041 new tract homes available during 1968. Of those, 1,356 will be sold, leaving 685 new homes on the market, only 40 more than last January.

MONTCLAIR PLAZA The shortage is expected to become more apparent as additional families move into the area to take jobs with the new Montclair Shopping Plaza, and to accept employment with new manufacturing plants being established here.

Additional strain will be placed on the housing

market with the expansion of General Telephone Co. plant in South Pomona, and the development of Ontario International Airport, both of which will account for thousands of new employees in the foreseeable future.

However, Nichols said, local builders already are making plans to meet the projected increase in the demand for tract housing.

He pointed out that for the first time in four years, a new tract of eight homes was built in Montclair, and that every one of the eight communities canvassed by the survey indicated more tract homes under construction than at the same time last year.

In four of the communities more homes were built during the first half of 1968 than in all of 1967.

A breakdown shows the number of homes built during the first half of 1968, compared with all of 1967: Pomona: 22 in 1968 and 37 in 1967; Ontario, 14 and 26; Montclair, 8 and none; La Verne, 93 and 49; San Dimas, 28 and 36; Upland, 72 and 54; Chino, 130 and 113; Claremont, 66 and 67; Cucamonga-Alta Loma, 65 and 39; and Diamond Bar, 128 and 132.

Nichols said the brightest note of all was that almost 50 per cent of these tract houses were sold before completion.

Kaiser Program For Training Disadvantaged Youth Pays Off

Kaiser Steel Corporation's employment and training program for disadvantaged youths is being successfully accomplished at all major company locations, C.F. Borden, executive vice president, said recently.

"We entered this program with enthusiasm and a belief that we could provide the participants a program offering educational value, work experience and economic reward. The results are exceeding our expectations," Borden said.

"The program for hiring youths between the ages of 16-21 was begun in the spring of this year at the company's corporate headquarters in Oakland, California; the Los Angeles sales office; the steel mill at Fontana; Fabricating Divisions at Fontana and Napa, California; and its three mines located at Eagle Mountain, Calif., Sunnyside, Utah; and Raton, New Mexico.

"We have exceeded our goal to hire two youths for every 100 permanent employees in accordance with Kaiser Steel's com-

mitment to the government's summer youth employment program.

"Overall, this has provided jobs and training for more than 250 youths. In addition to performing their regular tasks, special on-the-job training and counseling was initiated to encourage the youths to learn new abilities to further their work careers.

"After this summer work experience is completed, these young people will be able to make a valuable contribution to the labor force; and we expect many will continue to work for us," Borden said.

"At our Fontana Fabricating plant, 15 high school students are involved in a unique training program. Rather than working on production lines, they are being schooled in all aspects of production from the time an order is received until it is delivered to the customer. But the group of 12 boys and three girls are not just observing. They are being taught skills such as blueprint and flow chart reading, welding and secretarial skills. In addition to this program,

trous to Southern California university campuses and cultural centers will play an important role in developing a desire within the youths to further their education," he said.

Fast and Slow Meet, Sept. 5

An organizational meeting for Mens Fast and Slow Pitch Leagues has been set for Thursday, September 5, at 7:30 p.m. for all interested managers or coaches.

A Girls and Womens

Slow Pitch League meeting will be held on Tuesday, September 10, also starting at 7:30 p.m.

Both meetings will be held at the Recreation and Parks Office, 217 S. Lemon, just behind City Hall.

Al Capp, Marquis Childs Chaffey Speakers In '68

ALTA LOMA -- Chaffey College and the Associated Student Body have programmed six prominent speakers for the fall and spring semesters.

The series will open with Dr. Benjamin Spock, appearing at an 11 a.m. convocation and an 8 p.m.

forum, September 17. His address will be keyed to his opposition to the Vietnam war.

Slated exclusively for the 8 p.m. forum, October 7, will be veteran columnist Marquis W. Childs with the topic, "Men and Issues -- America's Most Critical Election in a Century."

Other noted speakers scheduled here are:

William Penn Patrick, "Foreign Policy from a Conservative's View," 11 a.m. and 8 p.m., October 21;

Dr. L. S. B. Leakey, "Evidence of Man's Evolution in Africa," 11 a.m., February 14;

Al Capp, 11 a.m., March 4;

Ansel Adams, "Creative Photography and Conservation," 11 a.m., May 14.

The only lecture programs requiring admission charge will be the morning convocation appearances of Dr. Spock and Capp. Admission will be \$1.

The fall semester evening forum has been planned as a voter education feature in cooperation with the social sciences division. This will be followed in the spring semester with an evening series concerning the techniques and ethics involved in human organ transplants.

Marines, Fly Boys To Battle It Out on March Rodeo Grounds

The ability of the March airmen to excel on the ground as well as in the air has been challenged by the United States Marine Corps.

A challenge to compete in three events of the upcoming "Salute to California" Rodeo was issued this week to Marchmen by the "Leathernecks" at El Toro Naval Air Station and Camp Pendleton. The group from El Toro and their companions from Pendleton are prepared to lock horns with a March contingent in the Saddle Bronc, Bareback and Brahma Bull riding competition.

This inter-service clash will be integrated into the regular program of events scheduled for the third annual "Salute to California" Rodeo to be held here Sept. 21 and 22. A trophy will be awarded to the group that scores the greatest number of total points in the three events. Last year the Marine team soundly thrashed the Base team to walk away with the trophy.

Reigning over the two day spectacular will be

a member of March "Fair Force". Nine WAFs are entries in the contest to select a Queen for the "Salute to California" Rodeo.

Candidates and representing squadrons are AIC Gwendolyn F. Clark, 22nd Security Police Sq.; Sgt. Betty Lou Moore, 15th Reconnaissance Technical Sq.; Amn. Adele Quackenbush, 33rd Communications Sq.; AIC Edie Brown, 22nd Combat Support Group; AIC Alice L. McMann, 22nd Transportation Sq.; AIC Barbara A. Allen, 807th Medical Group; AIC Linda Van Dyke, 22nd Field Maintenance Sq.; Sgt. Audrey J. Hutchinson, Hq. Sq. 22nd Bomb Wing; and Sgt. Gail Zimmerman, 22nd Supply Sq.

Proceeds from the two day event will go into the Central Base Fund. Ample free parking will be available to all spectators on both days of the rodeo.

Andy Jauregui of Newhall, Calif., a well known figure on the rodeo circuit, will furnish the livestock for the prize winning competition.

FUN AT THE FAIR -- Taking a merry ride on the merry-go-round are "Miss Fontana," Betsy Hall; Jackie Montana, "Miss Victorville," and "Miss Barstow," (rear) Sandra Bostick at the San Bernardino County Fair at Victorville.

NOTICE OF SALE OF PROPERTY DECEDED TO THE STATE FOR DELINQUENT TAXES

Whereas, I was on the 4th day of March, 1968, directed by the Board of Supervisors of San Bernardino County, State of California, and there was received by me and filed in my office authorization of the State Controller, dated March 11, 1968, to sell at public auction for cash in lawful money of the United States, certain tax-deeded property; public notice is hereby given that unless the said property is redeemed as provided by law, I will, commencing on the 24th day of September, 1968, at the hour of 9:00 o'clock a.m. and continuing from day to day thereafter as necessary, in the San Bernardino County Agricultural Building, 566 Lugo Avenue, in the City of San Bernardino, State of California, sell as directed the said property for a sum not less than the minimum prices set forth in this notice.

The parcel or parcels of property that are the subject of this notice are situated in the County of San Bernardino, State of California, and are further described as follows:

PARCEL NO. 3: Ontario Colony Lands portion Lot 669 commencing at Southeast corner Lot 7 Tract Number 5315 thence West along South line said Tract a distance of 157.49 feet thence South 11.64 feet thence East parallel to South line said Tract Number 5315 a distance of 157.49 feet thence North 11.64 feet to point beginning; Last Assessee: Smith, Virgil H. and Gladys E.; Minimum Price: \$10.00

PARCEL NO. 4: Revised Map of Hansen and Company Addition South 76 feet East 10.82 feet West 414.86 feet North 380.27 feet Lot 3; Last Assessee: Brown, O. Everett; Minimum Price: \$10.00

F.C. ABBOTT, left, of Skycrest Motors, Upland, received a Ford Dealer Distinguished Service Award from James W. Upp, assistant manager of Ford Division's Los Angeles Sales district. The award, the highest honor given

Ford dealers, was presented to 39 dealers in the Los Angeles district. It is awarded for excellence in dealership management, merchandising practices, customer service and facilities.

OIA Improvements Are Approved

ONTARIO -- Plans for additions to the terminal building, perimeter fencing and a lease for American Airlines were approved for Ontario International Airport this week (8-14-68) by the Los Angeles Board of Airport Commissioners, according to OIA Manager Robert M. Hamilton, Jr.

Preliminary schematic drawings and a \$637,260 cost estimate prepared by Ontario architects Harnish, Morgan and Causey,

for construction of a 16,000 square foot addition to the present terminal building received unanimous approval of the Commissioners. The project includes enlargement of the public lobby, restaurant facilities and baggage claim area and an addition to ticketing and airline operations space.

Upon approval of the drawings and estimated cost, the local architects were directed by the Commissioners to proceed with preparation of preliminary plans. Construction is expected to start within 90 days.

A fifteen year lease on nine acres of airport property northeast of the terminal building also was given the green light by Airport Commissioners. American Airlines plan to build an aircraft parking apron and a passenger terminal building for use during alternate operations at OIA. Construction is expected within the next three months.

Commissioners approved plans and specifications for construction of a perimeter and leasehold fencing project around the airport to provide runway security and to establish the new boundary of the Lockheed Aircraft Service leasehold. Approximate cost of the project is \$13,200. The Department of Airports is expected to advertise for bids right away.

Many Off-Campus Courses Offered By Chaffey

Day and evening courses have been programmed at off-campus locations by Chaffey College for the fall semester which starts Sept. 10. Although registration ends Sept. 4, students may enroll for off-campus offerings as late as the first class session at the scheduled meeting place.

Courses will be available at four district high schools, 7-10 p.m. Locations and courses scheduled are:

Chaffey High -- Welding Fundamentals (51a and 51b), Mondays and Wednesdays and Tuesdays and Thursdays.

Chino High -- American Civilization (50a), Tuesdays; English Composition (1a), Mondays; Public Speaking, Thursdays; and Elements of Supervision, Elementary Shorthand, United States History, Wednesdays.

Fontana High -- Introduction to Government (Political Science 1a), Wednesdays; General Psychology (1a), Thursdays, and Public Speaking, Tuesdays.

MONTCLAIR
Montclair High -- Introduction to the Film, Thursdays.

The college has projected related courses at four correctional facilities. These are:

Youth Training Center -- Correctional Science Fundamentals, 7-10 p.m., Mondays, and Correctional Science Basic Interviewing and Counseling, 2-5 p.m., Thursdays.

California Institution for Women -- Correctional Science Treatment Concepts, 4-7 p.m., Tuesdays.

Southern Conservation Center -- Probation and Parole, 4:30 - 7:30 p.m., Thursdays, and Correctional Casework, 4:30 - 7:30 p.m., Wednesdays.

California Rehabilitation Center -- Criminology, 3:15 - 6:15 p.m., Mondays; General Sociology (1a), 4:30 - 7:30 p.m., Wednesdays, and Elements of Supervision, 3:30 - 6:30 p.m., Wednesdays.

Federal Project Headquarters in Ontario will be the scheduled meeting place for an offering of Introduction to Teacher Assisting, 3:30 - 6:30 p.m., Tuesdays.

FIRE SCIENCE
Fire Science courses will be offered at three municipal fire departments, 7-10 p.m., with classes meeting once a week. These are:

Chino -- Fire Prevention, Mondays or Tuesdays.

Corona -- Fire Company Organization, Wednesdays or Thursdays.

Ontario -- Fire Protection, Mondays or Tuesdays.

Ontario Fire Department is set as the meeting place for two classes also in Interpersonal Relations for Supervisors (Psychology 54), one on Tuesdays and the other on Wednesdays. Both are 3-6 p.m.

Two supervision courses have been announced as offerings at Kaiser Steel Corporation (Fontana). The courses are Elements of Supervision, 12:30-3:30 p.m., Mondays, and Safety Training and Fire Prevention, 7-9 p.m., Tuesdays.

Chaffey will continue its non-credit course, Arts and Crafts for the Blind, at the Ontario Women's Club, 1-4 p.m., Wednesdays.

Two 4:30-7:30 p.m. supervision courses are slated for Naval Ordnance Laboratory, Norco -- Basic Psychology for Supervisors, Wednesdays, and Oral Communications, Tuesdays.

Police science classes are scheduled to meet once a week at the Ontario Police Department.

Day courses are First Aid, Defensive Tactics and Firearms, 9 a.m. - 12 noon, Mondays, and Arrest, Search and Seizure, 12:30 - 3:30 p.m., Tuesdays.

Night courses, all 7-10 p.m., classes are Arrest, Search and Seizure and Police-Community Relations, both on Tuesdays, and Police Supervision, Wednesdays.

Orientation Program

Chaffey College will hold an orientation program for new students, September 6.

Participants in the 9-11:30 a.m. event will be divided according to study subject interest into groups of 12. Each group will be briefed by a faculty adviser whose teaching field corresponds to its respective major.

The group sessions will cover special areas of interest relating to the college as well as general Chaffey campus background. New students will be able to consult with returning sophomores.

The groups will be conducted also on short tours of the campus to familiarize newcomers with the college's facilities.

The program will end at the campus center with refreshments and entertainment, with time available for participants to become informed on student government and campus clubs.

June Teitworth, Dean of Student Activities, is coordinating the orientation program. The program will be implemented by some 70 faculty members.

Another supervision offering is a special course in Labor-Management Relations, 7-10 p.m., Thursdays, in the United Steel Workers Union Hall, Fontana.

Details on the college's off-campus program may be obtained by calling 987-1737, 822-7456 or 626-9811.

Jerry's Journal

By Jerry Pettis
Congressman, 33rd Dist.

Rep. Jerry Pettis, R-Loma Linda, a member of the House Science and Astronautics Committee, described as "shocking" the failure of the Defense Department to show any concern over the growing nuclear submarine threat of Soviet Russia.

The San Bernardino County Congressman's comments were made following disclosure of a report by the Joint Committee on Atomic Energy which declared:

"The Joint Committee is disturbed by the apparent lack of attention of the Department of Defense to moving forward aggressively with the development of improved types of nuclear attack submarines."

"Latest intelligence information indicates the important advances in their nuclear submarine program," the 33rd District representative said. "In spite of this new intelligence information, the Department of Defense has prohibited the Navy from developing a new electric drive submarine which would enable us to counter the Soviet submarine threat."

Pettis said the Navy wanted to build the submarine on a priority basis and had suggested postponing construction of other ships to do so, but was forbidden by an order from the Department of Defense from obligating development funds.

"In the past eight years we have spent \$500 billion for defense, which is half of all the money spent for defense purposes since the end of World War II.

"Yet, the evidence is now clearly emerging that the Soviets are outstripping us with their submarine force. When Admiral Rickover, father of our nuclear submarine fleet, was asked by members of the Senate Armed Services Committee whether he would today more confidently command the American or the Soviet submarine force, he answered instantly: 'The Soviet submarine force.'"

NOTICE OF TRUSTEE'S SALE

T.O.No. 9742
On September 24, 1968, at 2:00 o'clock P.M., at the West entrance to the City Hall, City of Ontario, California, LYTTON FINANCIAL CORPORATION, as Trustee under the deed of trust made by HOME TREND, INC., a California corporation and recorded May 2, 1966, in Book 6618, Page 535 of Official Records of San Bernardino County, California, given to secure an indebtedness now owned and held by LYTTON SAVINGS AND LOAN ASSOCIATION, by reason of the breach of certain obligations secured thereby, notice of which was recorded May 15, 1968, in Book 7026, Page 183, of said Official Records, LYTTON FINANCIAL CORPORATION will sell at public auction to the highest bidder for cash, payable in lawful money of the United States at the time of sale, without warranty as to title, possession or encumbrances, the interest conveyed to and now held by said Trustee under said Deed of Trust, in and to the following described property, to-wit:

CHP Reminder Of Traffic Laws As Schools Re-Open

Schools will be open for the fall semester soon. California Highway Patrol Commissioner H. W. Sullivan suggests that this is an appropriate time for the entire family to review certain sections of the vehicle code.

"There's something there for everyone of kindergarten age or older," he said.

For the drivers in the family:

--The speed limit is 25 miles per hour when passing a school building or school grounds while children are going to or from school during opening or closing hours and during the noon recess period. The same limit applies when passing any school grounds which are not separated from the highway by a fence at any time the grounds are in use by children and the highway is posted with a "SCHOOL" warning sign.

--The driver of any vehicle which meets or overtakes from either direction any school bus which has stopped to pick up or discharge any children and which is displaying a flashing red light signal visible front and rear must stop immediately before passing the bus and may not proceed until the flashing signal ceases operation. It is not necessary to stop when passing a stopped school bus at an intersection where traffic is controlled by a traffic officer or official traffic control signal, or when the school bus is in the opposite lanes of a divided highway.

--Remember pedestrians have the right of way while crossing the roadway within any marked crosswalk or within any unmarked crosswalk at an intersection.

--Follow directions of school crossing guards and junior traffic patrols. For the bicycle riders in the family:

--Every person riding a bicycle upon a roadway has all the rights and duties applicable to the driver of a vehicle, under the Vehicle Code, except those provisions which, by their nature, cannot apply.

--It is unlawful to operate a bicycle on a road-

Public Auction Of Tax Deeded Parcels, Sept. 24

A public auction of tax deeded parcels of real property located in San Bernardino County will be conducted by the San Bernardino County Tax Office commencing at 9 a.m., Tuesday, September 24, 1966 and continuing thereafter from day to day as necessary.

Unless sooner redeemed, a total of 295 parcels will be offered for sale to the highest bidder for CASH at time of sale. The parcels are situated throughout the County.

The sale will be conducted in the San Bernardino County Agricultural Building, 566 Lugo Ave., San Bernardino. Printed brochures of parcels to be sold are available upon request addressed to the Tax Sales Division of the Tax Collector's Office, 172 W. Third St., San Bernardino, Calif. 92401. The request should contain a large self-addressed and stamped envelope and the brochures will be forwarded in order of requests until the present supply is exhausted.

Property will be sold to the highest bidder for cash; personal checks will not be accepted. Cashiers checks, certified checks or money orders must be made payable to the County Tax Collector, NO EXCEPTIONS.

The monies received from such sale are deposited with the County Treasurer and reported to the County Auditor who apportions the sums to the Taxing Agency wherein the property is located in proportion to the existing tax rate. The monies so deposited and apportioned are thereby payments in lieu of the unpaid and delinquent taxes for the years of delinquency.

New Facilities Await Students At Cal Poly

This fall 372 California State Polytechnic College, Pomona students, 186 men and 186 women, will move into a \$3 million living complex featuring new residence halls with rich walnut furniture, carpeting and air-conditioning; a dining hall set in a canyon of greenery; and a reception center which overlooks the campus pond and the main campus drive. In addition Cal Poly resident students will participate in a special co-curricular program designed to enhance the five-in student's entire educational experience.

This complex will boost the Cal Poly on-campus population to 1,220 students and offer residents unique and architecturally outstanding living facilities. And, students will enjoy this mode of living at no cost to the California taxpayer.

According to Gilbert A. Peters, Associate Dean of Students, (Activities and Housing), residence halls and dining centers on state college campuses are self sustaining units financed by bonds which are repaid over a predetermined period of time. And, residence and dining facilities financially cover their own budgets for supplies, maintenance, utilities and staffing.

The four-building Cal Poly center contains two residence halls, Los Cedritos for men and Las Palmitas for women, La Cienega Reception Center, and Los Olivos Dining Hall.

The student reception building La Cienega will be the focal point of resident activity for Cal Poly students living in the two new halls and those living in the four halls opened in 1960 and immediately to the east of the complex, Aliso, Alamos, Montecito and Encinitas. Roofed with traditional California mission tile and built with a wide balcony extending over the campus pond, La Cienega houses a formal lounge, an office, television and game rooms, snack bar and the six-hall communication and information center.

Los Olivos Dining Hall is the second self-sustaining dining unit on the Cal Poly campus. Nestled in Sycamore Canyon, Los Olivos is a two-level structure providing dining and serving facilities for the entire on-campus resident population and geographically joining the older residence halls to the new. Completing the college's new living complex are Cal Poly's two three-

floor residence halls. As housing facilities, Los Cedritos and Las Palmitas have escaped the traditional box-like dormitory design on most campuses. The 93 men's and 93 women's double rooms are geometrically conceived, each with its private view window, furniture designed for individual arrangement, air-conditioning, carpets and drapes.

According to Peters, spaces in the Cal Poly residence halls may still be reserved for this September. Students interested in on-campus living may make residence arrangements through the Cal Poly Housing Office.

In the 1966 National Rifle and Pistol Matches at Camp Perry, Ohio, Army Reserve marksmen set two new pistol team records, won nine major trophies in the rifle matches and set a new national Reserve record in the Infantry Team Match.

How to get a nice red, white and blue feeling -- and pocket a little green

U. S. SAVINGS BONDS AND NEW FREEDOM SHARES

Swiss Squeeze
In Switzerland, 90 per cent of all mustard is sold in squeezable metal tubes, eliminating the need for spreading by knife or transferring from one container to another.

For maximum stability, giant telescopes are supported on mounts made of a special iron-nickel alloy which neither contracts nor expands with changes in temperature.

Civil Service Has Opening

The Interagency Board of U.S. Civil Service Examiners for San Bernardino and Riverside Counties, 380 W. Court St., San Bernardino, has announced a Civil Service Examination for Painter, Aircraft Painter, Sign Painter and Painter (Coach), from \$2.95 per hour. Future vacancies in all Federal Agencies in San Bernardino and Riverside Counties may be filled from this examination.

All qualified applicants will receive consideration for appointment without regard to race, religion, color, national origin, sex, political affiliations, or any other nonmerit factor.

Additional information may be obtained from the examination announcements which are posted at various Post Offices and at the Interagency Board.

Interested persons should file Personal Qualifications Statement SF-171, CSC Form 5001-BC and Painter Supple-

mental Form FB-8-26 with the Interagency Board of U.S. Civil Service Examiners for San Bernardino and Riverside Counties, 380 W. Court St., San Bernardino, California 92401. The form may be obtained from various Post Offices or from the Interagency Board. Applications will be accepted until further notice.

Health Service Urges 'Flu' Shots For Some

"No large epidemic of flu is predicted for this year by the U.S. Public Health Service," said Dr. Merle E. Cosand, San Bernardino County Health Officer. "But they are still urging flu shots for those we know will experience deaths from influenza."

If you are over 45 and, of even greater concern, over 65 years of age, be sure to get vaccinated against flu. All individuals who have a chronic illness such as high blood pressure, heart disease, kidney disease, bronchitis, asthma or other chronic lung disease, diabetes or Addison's disease should be sure to be vaccinated.

"If you have had a flu shot anytime since July 1963, only one shot in early December is recommended by the U. S. Public Health Service for this year," said Dr. Cosand. "However, if it has been longer than that, two shots

are recommended - one early in September and the second one in early December - two months apart. This will give the best protection against a disease that can be a life threatening illness for older people or those chronically ill. Don't wait until flu is around in the community; then it is too late to get the best protection from the flu shot!"

Kaiser Sharing Plan Dividends Paid, Aug. 29

A cash payment of \$535,329 was shared last week by participants in the Kaiser Steel-United Steelworkers Long Range Sharing Plan at the company's Fontana plant, it was announced by officials of the company and the USWA.

The cash payment for July was distributed to 5,867 employees and was equivalent to 68¢ per hour worked.

Also during July, 34 Kaiser Steel employees worked 3,839 man-hours in the company's Employment Reserve, and 22 employees received a Displacement Differential. The Employment Reserve and the displacement differential are security provisions of the Long Range Sharing Plan which provide protection against job and income loss as a result of technological or work method improvements.

The Long Range Sharing Plan—a cost-savings-sharing, rather than a profit-sharing, plan—measures productivity at the Fontana plant and shares the gains among the employees and the company.

Cycle Riders Draw 'Fines'

Failure to heed posted "Closed Area" warnings resulted in three motorcycle riders being fined \$40.00 each before Judge Roddick in the Highland Justice Court, according to San Bernardino National Forest Supervisor Don R. Bauer.

Don B. Smith - 28, 6274 Del Rosa Avenue; Jimmy Utah Thweatt - 29, 7821 Bonnie St.; and Daniel Gary Fox - 29, 1277 Lynwood Avenue, San Bernardino, were observed inside the fire closure in the Daley Canyon area of the San Bernardino National Forest, August 11, 1968. They were cited before Judge Roddick by Forest Officer W.B. Stephens. Stephens stated that the cycle riders had passed several 17" x 44" signs stating the area was closed to entry.

Five Day Plan To Stop Smoking Produces Results-Article States

A study of the results of the Five-Day Plan to Stop Smoking by four Loma Linda University faculty members has been published in the "Archives of Environmental Health," an American Medical Association publication.

Authors of the report are Dr. Donald I. Peterson, assistant professor of pharmacology; Dr. Lester H. Loneragan, associate professor of tropical health; Dr. Mervyn G. Harding, dean of the School of Public Health; and Charles W. Teel, chaplain supervisor at Loma Linda University Hospital.

Results of the survey taken among 134 enrollees in the program show that of those who attended three or more of the five sessions, 79.1 per cent had quit smoking by the fifth day. One month later, the percentage of those still abstaining was reduced to 44.5 per cent, and at the end of 18 months, 21.3 per cent maintained their ex-smoker status.

Nearly all of those who participated in the program had unsuccessfully tried to stop smoking on previous occasions.

The survey indicated a significant improvement in pulmonary functions among those who stopped smoking. The ex-smokers also reported a decrease in coughing and breathlessness and an increase in appetite after they stopped smoking.

The stop smoking program consists of five consecutive evening classes and several follow-up sessions. Each program includes a film on the effects of smoking on health.

A brief presentation by a clergyman on the nature of the habit and its effective control by willpower, a lecture by a physician on the effects of smoking, and a group discussion period in which participants ask questions and relate their experiences in their efforts to discontinue smoking.

Thousands of smokers throughout the world have successfully stopped smoking through participation in the Five-Day Plan.

ARMY RESERVE FACTS

The Army Reserve consists of more than one million officers and enlisted men and women, all dedicated to the highest principles of military service.

Army reservists, in their dual role as civilian-soldiers, demonstrate a keen sense of duty in their efforts to maintain military proficiency while carrying on their civilian pursuits.

Camera Fans, Here's Your Chance To Earn Some Money At LA Fair

POMONA --- Camera fans of the southland have an opportunity this year to help publicize the Los Angeles County Fair and at the same time compete for \$100 in cash awards.

The huge exposition, which runs Sept. 13 through 29, has designated Saturday, Sept. 14, as Camera Day, and all photographers, amateur or professional, are invited to compete.

Prizes of \$25, \$15 and \$10 are offered for the best black and white publicity pictures. Photographers are reminded that the winning pictures will be used in print media and may be of any subject at the Fair.

The same amount is offered in cash awards for the three winning color slides or transparencies. Color pictures will be used in various phases of fair promotion.

All prints must be delivered to the Fair by 5:00 p.m., Thursday, Sept. 19, to be eligible for awards. Black and whites must be 8 x 10 glossy prints, suitable for reproduction. All entries must bear name and address of photographer to insure proper return. Winning entries will become the property of the fair.

Although Sept. 14 is officially "Camera Day" pictures may be taken at any time, just as long as prints are delivered by the deadline.

Judges will be newspaper photographers and editors.

Fun Zone at L.A. County Fair To Be Bigger And Better In '68

POMONA -- For those who want excitement, the Los Angeles County Fair's famous million dollar Fun Zone will be the place to be at fair time this year.

A total of 69 rides and attractions will spin, bounce, and flip more than a million visitors during the exposition's 17 days and nights, Sept. 13-29.

Five new rides will highlight Fun Zone activities at the 41st annual exposition. The Skydiver, a ferris wheel with spin, heads the list of new attractions. Others are the

Himalaya, a 75 foot circular thrill ride; the Tip-top, a circular ride with bouncing platform; and the Trabant, a circular attraction with platforms that spin in opposite directions.

Champion cyclists roaring around inside the "Wall of Death" complete the list of new attractions. Entitled the Motordrome, the Wall allows Fun Zone visitors to view motor cycle riders racing inside a huge spinning barrel. The exposition's famous carousel, one of only 23 on the west coast, tops

the list of returning attractions. Other veteran favorites include the huge Skyride, the bumper cars, the Giant Slide, the Mat-horn and German Fun House.

The kids won't be left out of the fun either. Two kiddie lands with more than 30 different rides will provide fun and excitement for younger family members.

Seed Shower

Some plants and flowers literally shoot out their seeds over distances, much like a gun shoots out bullets. The witch-hazel plant shoots out its seeds for several yards.

Reagan To Speak At GOP Rally In Perris

Governor Ronald Reagan will be the featured speaker at a Grand Old Party Republican Rally at the Perris Hill Park and Bowl on Tuesday, September 24, according to Woodrow Miller, Chairman of the San Bernardino County Republican Central Committee.

Originally scheduled for September 14, the date has been changed to September 24 to accommodate the Governor's busy schedule. Dr. Charles Carmack, the general chairman of the event, has promised an evening of good food with the outdoor barbecue beginning at 5

p.m., a roving dixieland band, and a rousing rally in the bowl at 8 p.m. with Governor Reagan.

The public is cordially invited to attend. Tickets at \$3 for adults and \$1 for children are available from the County headquarters at 595 D Street in San Bernardino, from any Republican headquarters in the County, and any Federated Republican Women's Club.

Beginning at 5 P.M., all Republican candidates will be available for citizens to meet. In attendance in addition to the Governor will be Congressman Jerry Pettis,

Congressman Glen Lipcomb, Assemblyman Stu Kinckley, State Senator WM. Coombs, Assemblyman John Briggs, State Senator Gordon Cologne, Jim Christensen, candidate for the assembly seat from the 72nd District, Jerry Lewis, candidate for the assembly seat from the 73rd District, and Bob Hunter, candidate for Congress for the 38th congressional district.

The average age of Army Reservists is 35 for officers and 25 for enlisted men.

Christensen Serves On GOP State Inter-Gov't. Group

"The Republican ticket of Richard Nixon and Governor Ted Agnew has my complete and enthusiastic support," stated Jim Christensen, GOP candidate for Assembly in the 72nd A. D. Christensen's statement was issued recently from his San Bernardino headquarters.

"I am especially pleased by Dick Nixon's strong stand on law enforcement articulated so well in his acceptance speech. Governor Agnew strengthens the ticket in my opinion. His non-sense attitude regarding

the affairs of government and his 'tell it like it is' approach will be of great value to the whole Republican effort this year," Christensen continued.

Christensen concluded by saying, "I am convinced that our party will sweep the country at the National, State and local levels this year. We must have a change in our country. It gives me a great deal of pride to be part of the ticket which includes not only Nixon and Agnew, but also our fine Congressman Jerry Pettis.

BAR 936 NOTICE OF TRUSTEE'S SALE

No. 20-68
On September 20, 1968, at 11:00 A.M., Croddy Escrow Co., as duly appointed Trustee under and pursuant to Deed of Trust dated February 1, 1967, executed by Dale David McClure and Mary Etta McClure, husband and wife, and recorded February 8, 1967, as Instr. No. 259, in book 6769, page 752, of Official Records in the office of the County Recorder of San Bernardino County, California, WILL SELL AT PUBLIC AUCTION TO HIGHEST BIDDER FOR CASH (payable at time of sale in lawful money of the United States) at the main entrance of the First American Title Company of San Bernardino, 323 Court Street, San Bernardino, California, all right, title and interest conveyed to and now held by said Deed of Trust in the property situated in said County and State described as:
Lot 111, Tract No. 5121, as per plat recorded in book 64 of maps, page 18, records of said County.

Said sale will be made, but without covenant or warranty, express or implied, regarding title, possession, or encumbrances, to pay the remaining principal sum of the note secured by said Deed of Trust, to-wit: \$13,792.69, with interest from February 1, 1968, as in said note provided, advances, if any, under the terms of said Deed of Trust, fees, charges and expenses of the Trustee and of the trusts created by said Deed of Trust.

The beneficiary under said Deed of Trust, by reason of a breach or default in the obligations secured thereby, heretofore executed and delivered to the undersigned a written Declaration of Default and Demand for Sale, and written notice of breach and of election to cause the undersigned to sell said property to satisfy said obligations, and thereafter, on May 22, 1968, the undersigned caused said notice of breach and of election to be recorded in book 7030, page 402, of said Official Records.

NOTICE OF HEARING ON PROPOSED CHANGE OF ZONE FOR ALTA LOMA AREA

NOTICE IS HEREBY GIVEN that the Board of Supervisors of the County of San Bernardino, State of California, will hold a public hearing on the proposal that a portion of the unincorporated area of said County, hereinafter described, be rezoned from its present status of Zone R-1 (CUP) (Single Family Residence Dist.) to Zone R-3 (Multiple Family Residence Dist.), as said zones are described in County Ordinance 678, and/or such other zone classifications as the Board of Supervisors deems appropriate after public hearing. Said proposed rezoning has been recommended to said Board of Supervisors by the Planning Commission of said County.

Said hearing will be held on MONDAY, SEPTEMBER 16, 1968, at 3:00 P.M., by said Board of Supervisors at its regular meeting place in the County Civic Bldg., 175 W. Fifth St., San Bernardino, California, when and where all interested persons may appear and be heard. Said proceedings are being conducted in accordance with County Ordinance No. 678, as amended.

The unincorporated area hereinabove referred to and affected by said proceedings is located in the Alta Loma area and is described as S. 420' of portion Lot 12, Blk. 20, Cucamonga Homestead Association, at the northwest corner of Base Line and Carnelian.

Detailed maps showing the proposed zoning are on file in the offices of the Clerk of the Board of Supervisors (County Civic Bldg., 175 W. Fifth St.) and the County Planning Commission (316 Mt. View Avenue), San Bernardino, California.
